\$490,000 Police Building Discussed With Architect

Mr. P. Hemingway, the architect who has designed the new police facility which is due for construction on Mission Avenue, was present at the Council meeting on September 23 to outline the plan and discuss the methods which could be investigated for attaining tenders for the project.

Mr. Hemingway explained that the building would house the rural as well as the

Town detachment, restraining cells, office space, exercise rooms, interrogation rooms, a breathalyzer area, plus other required facilities. The cost of the building is estimated to be near -- \$490,000 and completion date is proposed for June, 1975.

Mayor Ray Gibbon asked, in view of the fact that the building has to be completed by June of 1975, what program was going to be

followed. Mr. Hemingway replied that, "We've discussed several possibilities. We have met with Mr. Byron and Coun. Hudson, we've had several ideas of how to proceed. We would be ready, I would say, in six weeks to begin negotiations with the contractors." Continuing, Mr. Hemingway explained that he suggests that a slightly different approach be followed when negotiat-

ing. "I suggest that we complete the set of drawings," he said, "sufficiently for a contractor to come up with a target price. I think we should call for tenders on a form of contract management. By that I mean that we will do a reduced set of working drawings . . . and ask contractors to bid bearing in mind a cost savings formula."

In further explanation Mr. Hemingway stated that the figure which the contractor comes up with would be a target price, audited by the Town, and any savings would be divided up between the Town and the contractor by an agreed formula. The benefit of following such a method is that any realized savings are split between the contractor and the Town, adjustments in design can be made without consultation between the parties, and the

Council Hears Report On Akinsdale-Fountain Park

The Town Council had an opportunity to discuss the progress of the development of Akinsdale and other areas under development with Mr. G. Walker of Walker, Newby and Assoc. Ltd., at the Council meeting held on Sept. 23.

Mr. Walker stated that the reason that he had asked for the appointment to appear before Council was to review the progress of the development of the Akinsdale area and to answer questions raised by members of Council.

Coun. Thronson began the questioning by asking when the residents of this area could anticipate having telephone service and roads. Mr. Walker answered that

he believed that Calgary Power were completing their installations and as soon as they were completed the telephones would be going in.

The Mayor stated that he was aware that the roads were coming along pretty well and Mr. Walker reported that the whole area, as of September 23, had hard surface throughout. Mr. Walker mentioned that he hoped that the sidewalk contractors would be starting to pour the cement shortly.

"Seven days of good construction weather for a change has made a big difference in the whole area," stated Mr. Walker and Mayor Gibbon said that he had noted it.

Coun. Thronson asked Mr. Walker if he had any suggestions for measures which could be taken by Walker, Newby and Associates, Qualico Construction or the Town of St. Albert to insure that the problems would not recur in the future. Mr. Walker replied that the only reason why development would be held back, once a decision has been made to proceed, would be because it cannot be done. "In a season such as there has been this year, where people had to stop contractors as they go by, we haven't been able to schedule the work as well as we could because of the weather conditions. Everybody connected with the development process has had to get out and do work wherever they could because of weather, shortage of materials, shortages of labour; I

New Superintendent assumes duties

DR. BILL ZIELINSKI

Dr. Bill Zielinski assumed his new duties September 23 as Superintendent of the Catholic School District in St. Albert. He comes here from Grand Cache where he was superintendent of the Grand Cache School District and prior to that he

served seven years as assistant and later superintendent of the Northland School Division which embraces 32 school districts and covers the northern third of the province. This post involved considerable travel - mostly by air, occasionally by dog team, said Mr. Zielinski, and sometimes by railway speed-car.

After his service with the RCAF he began his professional training in 1953 at Teachers College in Moose Jaw. He later moved to Alberta and completed a Bachelor of Education degree at the University of Alberta. In 1963 he graduated from the University of Oregon with a Masters degree in Education Administration and went on to obtain a Doctorate in Education Administration at the University of Montana, in Missoula.

Dr. Zielinski was with the Edmonton Separate School

M.D. Sturgeon will stand pat on water hook-ups

The MD Sturgeon Council are standing firmly behind their position that residents of the municipality, situated within one mile on either side of the proposed water line from Edmonton to St. Albert, should be allowed to tie into the new line. About 25 hook-ups would be involved.

Council considered going further than the one mile request said Reeve Bill Flynn Monday. However a meeting was held on August 26 with the MD Council, St. Albert Council and the Mayor and several aldermen from the City of Edmonton. We came out of that meeting, he said, fairly confident that our request would be approved.

Previously the MD had given approval for the water line to traverse part of the municipality, subject only to the one mile hook-up condition, said Mr. Flynn. At the August meeting Mayor Dent told us he thought our request was a reasonable one, and that he would recommend to city council that they comply with it. A number of the aldermen also felt our request was justified, Mr. Flynn noted.

However the Board of Commissioners for the city recommended that council

REEVE FLYNN

refuse the request, on the basis of a policy of not allowing hook-ups which had been in effect for over a year. Although some aldermen favoured granting the MD request, the majority voted in support of the Commissioners' recommendation.

Our council feels most emphatically that this decision was discriminatory, said Reeve Flynn. The city opposed our 25 hook-ups, yet approved supplying the Town of St. Albert. In addition, he said, now supplying the

Leduc, SK the will be increasing (W)RGEON GAZETTE, WEDNESDAY, SEPTEMBER 25, 1974

and Fort Saskatchewan).

At present some of the farmers and business people in the area through which the water line will run, are hauling water from the city. Why not pipe it? asked the Reeve. We feel the MD request was indeed very modest and the city is being both unfair and unreasonable in this matter.

The MD presently have

Continued on page 2.

Not recommended

Shooting ducks on the St. Albert lagoon site is not recommended as a health practice, Mr. Ken McAmmond, senior health inspector for the Sturgeon Health Unit, told the Gazette Tuesday. In fact to retrieve the birds after they are shot would create the definite possibility of spreading disease, he said. The health inspector has had a number of calls on the matter over the past week.

Officer Cunningham, when contacted at the St. Albert RCMP detachment, most definitely does not recommend the practice either. It is totally illegal to shoot within town boundaries, he added that the de-

Seen here is the lucky winner of a hind-quarter of beef, Mrs. Janet Thorpe (centre) which she won by buying a ticket last Friday in the Grandin Mall. The draw was held Saturday. 1,770 tickets were sold and the proceeds will help in purchasing equipment for the Sturgeon General Hospital. Also in the picture are (left), Mrs. Sheila Cooper, Ways and Means Chairman and President of the Sturgeon General Hospital Auxiliary Mrs. Mary Bondarovich.

Continued from page 1. vance has got to try to do something more on labour and materials, however primarily this year it has been the weather conditions," Mr. Walker said.

WHERE CLEANING IS A PROFESSION NOT A PART TIME JOB

Akinsdale - Fountaine Park

Regarding the slowness of the development of Fountain Park, Mr. Walker said, "... in this instance the Town Parks and Recreation Department, because this really is a park that is going to be of benefit and use to the town at large, should be designing something a little more special than would normally be expected of a developer." The Gazette discovered in an interview with Coun. Rod Thronson that because of the nature of the development of Fountain Park some unusual landscaping is intended for the

area. He reported that usually the developer would just have to do a basic flat landscaping but in this case, because of the toboggan hill, the developers are faced with a different situation.

Briefly outlining the layout of the Park, Coun. Thronson stated that the original proposal, which came to council over two years ago, called for a parking area, a toboggan hill, a walkway from the intersection of Cunningham Road and Sir Winston Churchill Avenue, a fountain (the feature landmark of the park), and tennis courts (this may have changed since there have been courts constructed in the downtown area and in Sturgeon Heights). Coun. Thronson explained that because of the toboggan hill, the developers are faced with an unusual situation in landscaping. Ordinarily, he pointed out, the developers would not have to recruit the amounts of fill dirt such as is required for the purposes of constructing the toboggan hill. The toboggan hill is to be a flattened spiral, of a height of between 30 and 35 feet. Toboggan runs will extend 450 to 500 feet in length, spiralling about the hill. Mr. Walker explained at the council meeting that Walker and Newby did not feel

that the developer should be required to import the amount of dirt to build such a hill over and above his normal development costs. He went on to point out that the material for the construction of the hill in Fountain Park was being taken from the excavation of Cunningham Road and being put in for the construction. At this point the mayor interjected and asked if Mr. Walker was trying to say that the present Town Council was smart enough to "con Walker and Newby into putting something into Fountain Park that is not normally put in by the developer." Mr. Walker responded saying, "Between your Parks Department's good design, council's good decisions, and my finagling to get materials so that it did not cost the developer any more money, yes." The mayor continued stating that he wished that some candidates for office would take note of this fact. Coun. Thronson stated that he wished that it was kept in mind that a report was being dealt with and not a political campaign, to which Mayor Gibbons replied "This is something I want to make perfectly clear!" Coun. Thronson moved that Mr. Walker's report be received and the motion passed 4-0.

Water Hook-ups

Continued from page 1.

an agreement with the Town of St. Albert by which residents may hook into the sewer line any where in the municipality. This has been in effect for more than a year, said Mr. Flynn. We are not opposed to people in any area acquiring water from the northeast line anywhere along the line. And we feel strongly that Sturgeon residents should be afforded the same privilege - particularly under the very modest terms of our constitution when we granted approval of the line. The people concerned will pay for bringing the lines to their property, he added.

We have now received a letter from the Mayor of St. Albert, said Mr. Flynn, suggesting that the town will go to the Local Authorities Board for expropriation action to put through the line without regard to the MD's position. The MD Council will oppose the St. Albert request at the L.A.B. hearings, he stated.

MD Council has co-operated with St. Albert by allowing the town to go along road allowances with the line. Our residents have put up with the considerable inconvenience of this construction all through this year - in some cases a severe inconvenience, Mr. Flynn said.

MD Sturgeon Council is on record as favouring Regional Boards to manage transportation, water and sewer, recreational parks. The council voted unanimously in favour of shared assessment of planned industrial parks in the region. In this regard they held meetings with all the other

municipal jurisdictions within their boundaries: Morinville, Legal, Gibbons and Bon Accord, and these municipalities also voted in favour of regional boards (Not Regional Government, stressed the Reeve) and shared industrial assessment. The Town of St. Albert has requested the province make a study of the feasibility of regional boards.

It is interesting to note, said Mr. Flynn, that Alderman Newman said when the city voted against our request for hook-ups to the water line, that it was a bad decision. We will only encourage regional boards, said Mr. Newman, according to a report carried in the Edmonton Journal.

Police Building

Continued from page 1.

contractor becomes more closely tied with the concerns of the Town because he is in effect part of the team which is managing the project.

Mr. Hemingway explained that the contract would be awarded on the basis of points awarded to the contractor using three main points as criteria; target price, contractors fee, and the cost savings formula.

Coun. Thronson made the motion that the Town proceed with the project on the cost saving system. The vote on the motion was 4 to 0 in favour.

32 candidates file nomination papers in St. Albert

Thirty-two candidates will be running in the St. Albert municipal elections October 16th.

Up for grabs is the Mayor's seat, six places on council, five on the public Catholic School Board #3, five on the Protestant Separate #6 and three on the Sturgeon

Hospital Board.

Jim Read of St. Albert had announced his intention to run for council but did not file nomination papers.

Altogether there are 15 new St. Albert residents who have filed their nomination papers for the upcoming elections.

Mr. R. H. Plain, a university economist of 39 Bellevue Crescent has announced his intention to run for mayor giving the only opposition to present Mayor Ray Gibbon who seeks re-election.

New candidates for council are: Mr. B. Breadner,

31 Sunnyside Crescent, a technical instructor, Administrator of Sturgeon General Hospital Mr. C. Keyes of 1 Glacier Place; Mr. J. B. Sanborne, sales representative of 11 Montcalm Crescent; Mr. C. Schroder, administrator of 69 Geneva Crescent; Mrs. M. A. Smith

62 Sunset Boulevard, a high school science teacher and Mr. G. G. Wetsch, barrister and solicitor of 26 Fleetwood Crescent. Seeking re-election are Councillors Bakker, de Bruijn, Fyfe, Hudson, Lukay and Thronson.

New candidates for trustees on the Public Catholic School Board No. 3 are -- Mrs. M. I. Broten, homemaker of 83 Grandin Village; Mr. Peter Freeman, associate professor of Law and Law Librarian of 13 Glacier Place; Mrs. E. Lockert, housewife of 9 Gretna Place and Mr. J. B. Poulin teacher of 24 Falstaff Ave. Seeking re-election are Mr. E. D. Howrith, Mr. S. J. Sieben and Mrs. S. Walsh.

New candidates for trustees on the Protestant Separate School Board No. 6 are: Mr. K. H. Easson, insurance agent of 18 Spruce Crescent; Mr. M. MacFar-

lane, instructor, of 14 Gresham Boulevard; Mrs. S. McCaffery, graphic artist of 179 Ridgewood Terrace and Mr. E. P. Wynchuk, principal, Edmonton public schools, of 52 Grandin Village. Seeking re-election are Dr. W. D. Cuts, Mr. D. C. Munro and Mr. W. W. Webber.

New candidate for election to the town hospital board is Mr. A. J. Donalds, operations manager, 12 Bellevue Crescent. Seeking re-election are Mr. D. J. Colner, Mr. J. W. deBruijn and Mr. W. C. Ford.

Thirty-two polls will be spread out over St. Albert October 16th commencing at 10 a.m. till 8 p.m. Voters must be either Canadian citizens or British subjects, residents in the province for six consecutive months up to nominations day, September 18 and residents of St. Albert September 18.

New Superintendent

Continued from page 1.

system for 12 years and during this period completed his masters work before going to the Northland division, where he began work on his doctorate through the summer months in university and winter classes at U of A. He took a full year sabbatical to complete his doctorate work and then returned to Northland as Superintendent for two years.

The family is presently living in Edmonton but are planning to move to St. Albert in the future. The new superintendent feeling his post will be a challenging

one with regard to the amount of new development in the town. The growth places a financial burden on the school district that will fall on the ratepayers he said. Cost of buildings is rising, he went on, and tenders come in high above the support cost of the Department of Education, which will lead to additional debenture borrowing. The growth could mean almost a school per year in the district, and invariably costs run ahead of the Department's support price, he reiterated.

Dr. Zielinski also said he

felt that developers should be required to provide property for recreation and education facilities.

Possibly government has a role to play as well, he went on, since they have a policy of dispersing people the question arises as to what special consideration they should be giving to dormitory communities, when the jobs and industry are in Edmonton. Of the residential base bears the costs it will mean an expensive tax structure. He noted that the quality of education is not less expensive in St. Albert than in

Edmonton, which has a large commercial/industrial tax base.

Dr. Zielinski is married with five children, three of whom are presently at home. Sports are high on his list of priorities for leisure time activity, and particularly hunting and fishing, although he also enjoys golf. In earlier years he played a lot of baseball, and in fact earned some academic assistance through his ability. He also played a competitive calibre of badminton and volleyball - but I never learned to skate, Bill commented. He is a member of the Royal Canadian Legion, Ph. Delta Kappa, and a member of the Canadian Association of School Superintendents, and the Conference of Alberta School Superintendents and an associate member of the Alberta Teachers Association.

Dr. Zielinski said he is available for consultation and may be reached after hours at 484-4804.

Bob Prather to contest P.C. nomination

A St. Albert teacher, principal and school administrator has announced he will seek the support of the Progressive Conservative Association of St. Albert at a nomination meeting which the news release stated is expected to be called within

eight weeks.

R. W. (Bob) Prather, 48 Grenfell Avenue, served as campaign manager for the incumbent MLA, Ernie Jamison, during the 1971 election which saw the Conservatives sweep to power.

The 34 year old native of

Radway, Alberta, is assistant-superintendent of the St. Albert Separate School Board. Prior to his appointment in August, he was principal of Sir George Simpson School. He has been a teacher in Redwater, Edmonton, at the University of Alberta in the Faculty of Education and has served as a teacher assistant-principal and principal of elementary, junior and senior high schools for nine years in St. Albert.

Bob Prather and his wife Wanda have two children, Karen 13 and Dean, 11. They have lived in St. Albert since 1963. Supporters can contact Bob at 458-1978.

Auxiliary event scores big success

The second annual Next-to-New Sale organized by the Sturgeon General Hospital Auxiliary on Saturday, Sept. 21 was very successful on two counts; inflation was beaten for those who attended and the Auxiliary made a very fine profit which of course will be donated to the hospital. The sale was so successfully advertised that shoppers appeared long before it opened and the numerous bargains were rapidly purchased as soon as the doors were opened. A tip for those who plan to attend next years sale would be to arrive early. The sale was run in conjunction with the hind of beef raffle, which was also very successful and the combined profit from both sale and raffle was \$969. The hind of beef was won by Mrs. Janet Thorpe

of Fawcett Crescent, St. Albert. The Sturgeon General Hospital Auxiliary wishes to thank all those who participated in the sale and raffle and especially those who donated time or contribution to both events.

Portable soon for kindergarten

Ernie Jamison, MLA, announced Monday that arrangements have been made through the Department of Education to supply portable accommodation to areas where it is required for kindergartens, and the District 6 Board has been advised that one would be available to them and should be ready by mid-October.

Many parents have been

in contact with both the school board and the MLA on the matter of kindergarten accommodation. Mrs. Sharen Meron has volunteered to take telephone calls at 458-1561 from parents wishing to register their children.

The program will be assisted financially by funds from Early Childhood Services.

5 GRANDIN SHOPPERS PARK

Plebiscite on industry to be taken at election

The public meeting held earlier this year (April 29) saw a motion passed that a plebiscite be held at the October 16 election regarding industry in St. Albert. At the Committee of the Whole meeting on Sept. 3, Mayor Gibbon moved that it be recommended to Council that the plebiscite be held at the October election; re: an industrial park located on two easterly quarter sections bordered by the N.A.R.

"This would be a light industrial, non-polluting park to conform with legislation as presented in the Health Act of the Province," the Mayor stated.

Coun. Hudson pointed out that a site would have to be very clearly presented to the voters at the election in order that there would be no misunderstanding and Coun. Bakker suggested that a map could be included with the ballot to permit the voter to familiarize himself with the site in question. It was agreed that all avenues should be investigated to insure that the voter would be aware of the site being referred to.

Coun. Lukay and Coun. Bakker thought that there could be information supplied to clarify to the development of the site in the form of an outline plan and the like. Mayor Gibbon respon-

ded that he was merely moving the philosophy of a plebiscite to be held, "all I am moving is that a plebiscite be held, not all the nitty

gritty like an outline plan and everything else. All I am asking Council to do is either agree or disagree with the idea that a plebiscite be

held at October 16 based on the requests of citizens, in a majority I might add, at a public meeting. Now the details of that particular pleb-

iscite will have to be worked out by Town Staff and they will have to report to Council."

Mr. Byron stated that he was concerned with the nature of the outline plan, "I don't know if it is intended to draw in the acreages of the various parcels of land, for that we would have to attempt to guess the type of industry that would be there . . . the intent of the plan would be to provide as much detail as Council would require."

Mr. Bowen interjected stating "these cases are usually a plebiscite on yes or no to a zoning or a question." Responding, Mayor Gibbon restated that the motion at the public meeting was for a plebiscite whether or not industry was to be allowed in the Town of St. Albert.

Coun. de Bruijn remarked that the manner in which the mayor expressed the intent of the motion at the public meeting at this time was a more accurate explanation of the feelings registered. "I don't think that the motion

as presented which picks out two specific quarter sections is exactly what was passed at the public meeting. I am in agreement with the philosophy, and the philosophy should be are you in favour or not in favour of the industrial park being located within the corporate limits of the Town of St. Albert. I don't think that we should be locked in to a specific quarter section or a designated area, which you have done in the resolution," he said.

Mayor Gibbon stated that he was in agreement with Coun. de Bruijn and stated he would change his resolution. "I will change my motion to the suggestion that a plebiscite be held at the October 16 election re: industry being located in the Town of St. Albert in industrial parks." The mayor also stated that this would give the Town more "breathing room" in comparison to the manner in which the original motion was expressed.

Council voted 7 to 0 in favour of the plebiscite.

to the Editor

Same old promises

The Editor:

Letter to present Mayor and Most Councillors:

Now that the town election is fast approaching the mayor and his councillors are again making the same promises to the voters that were on their platform in the last election. It's funny they can't seem to get the

things done they promised until just before the election comes again. They are very slow to try and help out in the recreation department which I am interested in, but certainly not slow in allowing the population growth when a number of services are inadequate. I just hope that when Mr.

Bakker gets his double-decker buses there is enough room for he and his transit map and most of the present council to take a one-way trip. It's time we had a change in our elected officials.

Larry Mitchell,
Sturgeon Heights.

On skating

The Editor:

In the September 18 issue of the Gazette, the article: "Power Skating - an Alternative," there is a slight error. The article stated: "The longer length of the hockey blade makes for more contact with the ice." It

should have read: "The longer length of the hockey blade in contact with the ice." The blade of a figure skate is in fact longer.

I have also been made aware that some citizens have understood this article to be in competition with figure skating. It was not meant to be. The article was written courtesy of The Gazette purely as an information article with the town's newcomers in mind. Power skating is an alternative for skaters not interested in figure skating, not in competition with it.

Elsie Lockert, President,
St. Albert Power Skating Club.

New family course at Paul Kane

One of the courses offered by the St. Albert and Area Further Education Council which should prove to be of interest to parents is Ad-Brain Family Relations. This course is designed to help parents understand children and learn new approaches in dealing with situations involving children.

The approach given in the course is practical and easy to understand. The principles applied are respect, responsibility, consequences, encouragement, choice and understanding.

The instructors are: Miss Maria Jarman the social worker at the Associate Medical Clinic and Mr. Dave Thomas, supervisor of guidance of School District #6. A discussion approach will be used as much as possible.

The course will be limited to 10 participants, with couples welcome. It will be held Monday evenings at the Paul Kane High School for 10 weeks. The first session will be September 30 at 7 p.m.

Further information about registration and other course details can be obtained by phoning Mr. Thomas at 459-2230 (home) or 459-7768 (school).

Council Roundup

COUNCIL ROUND-UP

RECREATION DIRECTOR

Approval was given at the Council meeting held on September 9, for the appointment of Mr. P. March to the position of Director of Recreation. The vote on accepting Mr. March for the position was 7 to 0.

Mr. March was one of 40 applicants who responded to the Town's advertisements for Director of Recreation.

TROUBLE NUMBER FOR ST. ALBERT

There is now available within the Town of St. Albert, 24-hour access to assistance in matters of problems with sewer, water and road systems. The Trouble number is 458-2020.

Calls will be received in the Fire Hall and will be answered by firemen on duty. Complaints will be recorded and forwarded each day to the Superintendent of Works. The number will be listed in the new directory and publicized elsewhere.

COUNCIL APPROVES WASTE STATION

Council voted 7 to 0 in favour of an experiment with a waste disposal station for the convenience of citizens who may wish to dispose of their own garbage or dispose of garbage not normally collected by the Town. The matter came up for discussion as part of the monthly report from the Town Administrator, Mr. R. Byron, at the Council meeting held on September 9.

The estimate for the rental of a 40-cubic yard container and the cost of a regular call pick-up was determined by Mr. Byron to be \$90 per month, \$50 for the rental and \$40 for pick-up.

The waste disposal station will initially be available only on weekends; but depending on usage, it could be available during the week. Most solid trash will be accepted. It was pointed out during the discussion that the purpose of the facility was convenience for the

residents of St. Albert and is not intended for commercial or industrial use.

The waste disposal station will be located on the old nuisance grounds on Riel Drive and will commence operation on September 23. Further information on the matter is included in the public notice in this issue of the Gazette.

Puppet show on at library

The St. Albert Public Library will be offering the first of its regular monthly puppet shows this Friday at 4 p.m. in the Town Hall Annex adjacent to the Library. Admission is free and everyone is welcome.

The main attraction will be the first of many adventures of the evil Baron Von Booksnatcher. In addition there will be some demonstrations of various types of puppets.

The Library will offer a monthly puppet show at 4 p.m. on the last Friday of each month during the winter months in addition to its special holiday presentations.

Join Ukrainian Dance Club

The St. Albert Ukrainian Dance Club is looking for more members.

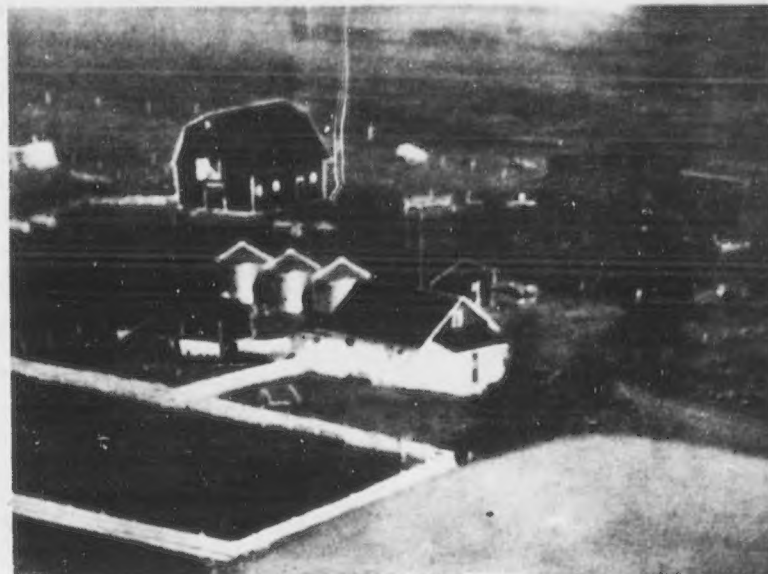

Since the Club began operating six weeks ago, 15 persons have registered and the club's instructor Marie Blocka would like to enroll another 10 preferably in the 5 - 15 year old age range.

Classes are held each Thursday in the Sir Alexander Mackenzie School from 6:30 - 8:30 p.m. Classes are in basic Ukrainian folk dancing and the first course lasts 14 weeks. If more boys register Mrs. Blocka says her husband will be giving a few lessons and they'll be able to split the time into two classes of one hour each.

Mrs. Blocka said that prospective members can register through the Edmonton West unit of the YMCA.

About the actual dancing, she said that Ukrainian dancing is very much like Slavic except that the costume is different from anything else.

Block Bros. INVESTMENTS OF THE WEEK

480 ACRES

480 ACRES only 40 miles north of Edmonton. Top Quality soil. Four Bedroom Home. Excellent out-buildings - machinery optional. Priced to sell fast.

320 ACRES \$125,000

320 ACRES in MORINVILLE area with exceptional set of buildings. Priced at only \$125,000.

160 ACRES

160 ACRES only 21 miles north of EDMONTON. 67 head of cattle included in the price. Bargain priced at \$49,500.

40 ACRES

40 ACRES only 4 1/2 miles north of the City. Located in Subdivision area. Open to Offers. Beautiful piece of property.

20 ACRES \$31,000

20 ACRES only 7 miles north of the City. Excellent investment. Priced at only \$31,000 with terms available.

3 ACRES \$13,900

3 ACRES with little house overlooking a lake only 25 miles out. This acreage is one of the most beautiful spots you will ever see. Priced at only \$13,900.

6 ACRES \$12,900

About 6 ACRES with older buildings, only 25 miles north. Priced at \$12,900.

Mayorality Contestants comment on issues

As a public service election feature the Gazette has offered space at no charge to all candidates seeking office in the October 16th election to express their views on election issues as they see them. This week's space has been allotted to the 12 town council candidates and the two candidates for mayor. In the October 2nd issue space will be available for the 14 candidates for trustee position, seven for District #3 and seven for District #6. October 2nd issue will again be available to the town council candidates also.

The Chamber of Commerce has booked the Club Mocombo for a public forum on Sunday, October 8 and the Gazette will carry an account of mayor and council candidates views as expressed at the forum in the October 9 issue. School and Hospital board candidates have been offered space for a second time in the October 9th issue.

The Chamber has over the past seven years sponsored public forums on civic government elections for councillors and mayor. This year the town is also sponsoring forums for civic candidates. It was not known at press time whether any organization is planning to arrange such meetings for school and hospital board candidates.

Ray Gibbon

During the last nine years, town financing has been, by necessity, THE top priority. It will continue to be, because every decision that council makes eventually affects the town's financial position, be it recreation facilities, street cleaning, or services of any kind.

I agree with the consensus of opinion that an enclosed swimming pool and second arena are required, and at this time are a top recreation priority. Town Council is completing an investigation on the feasibility of an indoor pool in conjunction with the Paul Kane High School expansion.

Council is also interested in the possibility of a major recreational change, including an arena, swimming pool and other community amenities. I personally have been advocating the development of such a facility in conjunction with service clubs in our community. There are several Alberta communities that have such major complexes jointly developed. I have toured these centres and am developing an overall proposal for consideration by our service clubs. A joint venture will guarantee the maximum of benefits with minimal impact on your property taxes.

The call for a General Plan for the town (which is being enunciated as an issue in this election) is redundant. After the last election, steps were taken to establish a Planning Department to prepare the General Plan, and the Town Planner was engaged as of November, 1973 with authority to establish a complete planning department. Council has followed a plan developed by the E.R.P.C. since 1967. I wish to extend my appreciation to the Gazette for providing this space to discuss some of the issues in this campaign.

Dick Plain

I wish to thank the Gazette for the opportunity of addressing the residents of the community.

CONTROLLED GROWTH

The Town of St. Albert has increased from 10,530 people in 1970 to 19,418 as of June 30, 1974 - an increase of 84 per cent. This extraordinary rate of growth is totally unwarranted given the fact that the financial and social costs resulting from this rapid expansion have been for the most part im-

posed on the Town's residents. The developers have not borne their share of the total expenditures required to ensure that the quality of public services in the Town is at least maintained at standards prevailing in St. Albert three years ago. In the past year approval has been given to new residential developments despite the fact that the Town has been unable to provide adequate supplies of water to its existing residents, or guarantee when new supplies will be made available.

The following steps will allow us to regain control of our community and face up to the fact that millions of dollars in expenditures are required to re-establish public services at past levels.

Firstly, in the short run growth can be controlled by restricting the number and size of the new development agreements which are signed. In the long run a General Plan must be developed and completed. This will give us a rational framework for carrying out decent planning, and allow the residents of the community to determine what rate of growth and size of community they wish to develop. (This plan should be given a major review every five years).

Secondly, long-range capital budgeting proceeds needs to be established which sets out our priorities (arenas, parks, swimming pools, new town hall etc.), with estimates of expenditures for each item, and the means by which each project will be financed. This implies that new financial policies must be developed.

There are a number of other points on other issues which I will be pleased to discuss with you in the next few weeks.

John de Bruijn

I wish to thank the Gazette for giving me the opportunity to place my views and concerns before you prior to the Oct. 16 election.

First I strongly support the development and adoption of a general plan for the Town of St. Albert. Had there been a completed plan in existence earlier this year the unfortunate controversy which arose over the rezoning of lands for industrial purposes and the attendant Provincial Government interference could have been avoided. It is necessary to understand that planning is a process not just the production of a Plan. This pro-

cess is continuous and will inevitably bring about change. The contribution of the General Plan to the planning process is to provide a framework which serves as a basis for individual choices and decisions.

I believe the Town should continue to operate with a balanced budget, a small surplus if possible. In recent years this has been the case; however continual pressures for additional services and facilities may encourage some to change this philosophy. Additional revenues can be provided by eliminating the interest costs of interim financing presently caused by waiting for the finalization of Provincial grants which are past the Spring sitting of the Legislature. This grant could be estimated and the mill rate finalized in January every year. If the school districts could not supply figures for this date a separate tax notice would be issued.

I believe what has become known as the "Shapiro Site" is the most logical of the alternatives offered for the development of a Regional Shopping Centre.

John Bakker

First of all I wish to thank those electors who have already returned the questionnaires and particularly for the helpful comments that many have made. Giving views and positions I have put myself of course also open to criticisms.

One last wish: no questionnaire between elections! I did that already once in 1968, one year after the previous election. For further in-between election feedback I instigated that at the 1973 by-election the snowmobile and bus transportation questions be put, and that the January 1974 census be used for the parks-acquisition question. The questions put in my questionnaire are there for the single reason that I am trying to ascertain whether you share my biases or whether compromises should be made by me. Additional questions could have been: "Should the town reduce standards, such as tree boulevards, and apply the savings to community facilities?" (which was Councillor Hudson's intent) and "Should community facilities be built by developers which would increase the cost of a new house?"

The results from YOUR answers to my questionnaire I will make public prior to the October 16 elections. Afterwards anyone who wants to check personally is welcome to do so. I am asking for your support in the return of the questionnaire and your vote. Thank you, and the Gazette, for your co-operation.

to the October 16 elections. Afterwards anyone who wants to check personally is welcome to do so.

I am asking for your support in the return of the questionnaire and your vote. Thank you, and the Gazette, for your co-operation.

Frank Lukay

Some of the major issues that I feel concern the people of St. Albert are, the growth of the Town, the services provided for the people by the Town and the congestion on the highway both through the Town and between the Town and the City of Edmonton.

As I see it most issues revolve around the growth aspect of the Town. When I refer to growth, I mean PLANNED and CONTROLLED GROWTH, because unplanned and uncontrolled growth spells disaster.

Over the last three years I have found myself a very lonely councillor when ever growth and development items were being voted on. Almost consistently I was the only councillor in opposition to additional residential development whereas the remainder of council were in favour.

I strongly disagree that growth cannot be controlled. To say that council cannot control growth is an abdication of council responsibility.

I don't accept the proposition that the L.A.B. annexation of the Allarco Land is proof of municipal government being helpless in controlling growth.

I feel that if there was a definite Plan for the Town, and if council had not requested the co-operation of the MD of Sturgeon for additional annexation of BACM Land to the northwest of the Town, I don't believe that L.A.B. would have ordered the annexation of the Allarco Land.

Those who have resided in the Town during the last civic election will remember my commitments and can attest to my record as placing the welfare of the residents of the Town of St. Albert as the priority consideration at all times.

Rod Thronsdon

I would like to thank the Gazette for the opportunity of presenting my views to the electors.

At present, in St. Albert, we need improved recreation services such as a covered swimming pool, a covered arena and more parks. We require a new town hall, larger library and new police station. We must pay for the improved and essential sewer, water and garbage services. These recreation, civic and public works projects can either be financed from vastly increased taxes, no industry and no growth or from continued orderly growth, planned light industry and normal taxes. I favour and have worked for this latter combination.

I believe that it would not

be realistic to try to halt the growth of St. Albert, but rather it is far more realistic that the growth be well planned and properly financed. It is essential that if our quality of life is to be maintained and improved we must continue to have controlled orderly development.

If re-elected as councillor for the next three years I will continue to work generally for the improvement of the quality of life of St. Albert citizens and specifically for:

1. Improved parks and recreation services.
2. Planned orderly development.
3. Improved relations with other elected bodies.
4. Improved transportation services.

Since elected to council in October, 1971, I have worked in the best interests of the citizens of St. Albert. In requesting your support in this election, I pledge my continued best efforts on your behalf.

Margaret Smith

Since moving to St. Albert, Margaret Smith has attended many council meetings and learned much about Town business. While not on any slate, Margaret is proud to be the Past Vice-President of St. Albert's Community Planning Committee. She is financing her own campaign. On council, she will weigh the facts, reach a conclusion independently, and explain her decisions.

PLANNING

Schools, shopping and recreational facilities are hopelessly overcrowded. There must be total, long-term planning which includes services as well as houses. It is no favor to allow people to move into the town before the facilities they have a right to expect have even been considered. Continued rapid growth will cause new facilities to be overcrowded the day they open, and the imbalance will continue.

PUBLIC PARTICIPATION

Too often, council has misled the residents. For example, council wishes to give the impression that it cannot control the rate of growth of St. Albert. But the excessively rapid growth of the past three years resulted entirely from council's decisions.

PERSONALITIES

Day care, and other much needed Preventive Social Services programs, which are funded 80 per cent by the Province, have been severely hampered because

certain councillors dislike the program or people connected with it.

Margaret Smith will co-operate, think ahead, give the facts and work for the good of St. Albert.

Garry Wetsch

Where are we going? As you sit in your car driving along the St. Albert Trail to or from your job in the City of Edmonton, do you ever wonder how long St. Albert can continue to grow at its present pace? Traffic congestion is only one of the many signs of our overstrained services. Each month the flow of traffic increases, without any positive actions being taken to improve our transportation facilities. I believe we must develop a modern freeway route linking us to Edmonton.

Proposals, referred to as the Ringway of the Northwest freeway exist, but will provide no immediate relief. We need help now. Immediate consultation with the various governments must be instigated to get results. Premier Lougheed announces record provincial payouts which are available - why not for St. Albert? I believe it is the obligation of Council to approach the Province to obtain financial assistance now.

Edmonton, with provincial help, is developing a rapid transit system in its northeast region and the next phase is the northwest section. It is a fact that rapid transit will be a part of this area and St. Albert must derive the benefits from it. Imagine a fast, worry-free ride from St. Albert to various parts of Edmonton! I believe the Edmonton rapid transit line should be extended to St. Albert.

At its present size, St. Albert cannot afford both a renewal of the downtown core and allow new regional shopping centres. I support the trend of modern planning to encourage a vibrant downtown area with modern shops, cultural centres, parkades, and green areas. We do not need to duplicate existing stores, but must attract new businesses and encourage existing ones to expand. Residents of St. Albert should be able to find first quality services within a few minutes drive or walk of their homes.

If you support these ideas, I would ask for your vote on October 16 - Vote Garry Wetsch.

In this space, so kindly provided by the Gazette, I wish to discuss some history and current concerns relating to the Town water supply.

In 1972, at an annexation hearing, I opposed extensive growth on the grounds the Town was not adequately prepared to service such growth.

At different times in the intervening period I have appeared before Council urging them not to sign development agreements which would commit us to a population beyond the available water supply. Last year the Town received a water report which strongly warned them not to proceed past the projected 1975 population of 20,000 people, without having a second waterline. Council has committed beyond this population in 1974. A second line is scheduled for completion by May 15, 1975. Right-of-way and construction problems could easily delay completion. For example, the Town of Leduc received no bids when it recently tendered a new water line.

With this type of uncertainty the present council has recently prepared for more development in Aldershot, and support of another annexation in the Northwest Sector. These are actions which suggest further commitment to growth without adequate preparation.

My supporters and I will be calling at your door with more information on the other issues. Please assess the issues and the people, and cast your ballot on October 18.

Jim Sanborne

Mr. Jim Sanborne has declared his intention of seeking a term on Town Council. Mr. Sanborne has been a resident of St. Albert for six of the past 11 years. He has twice chosen St. Albert as his home, away when in residence in Ontario. He is employed as a manufacturer's representative.

He is most often mistaken for a "Post" because of his relationship and association with the Post families of St. Albert. Mr. Sanborne is a brother to Mrs. John (Lena) Post.

Mr. Sanborne submits his nomination because his dissatisfaction with the present direction of council. He feels council needs more business and common sense and less indecision.

Mr. Sanborne is concerned over the rapid growth of St. Albert. Growth is necessary, it cannot be stopped, but, it

can and must be controlled through effective planning. Developers cannot be left to their own devices. They are at present in control of the growth and destiny of St. Albert. Further, it is unfair to impose on the present taxpayers to share their existing services forcing them to subsidize uncontrolled growth at the whim of developers.

New routes into Edmonton are another concern of Mr. Sanborne. The proposed Northeast freeway and the ring road, other than the fact that they will most likely never come to pass, are not the answer. New routes are needed NOW. The most logical routes are 127 and 170 Streets. These routes would be good, asphalt-surfaced, properly serviced roads.

Development of a light industrial area is essential. The town must zone an industrial area and encourage light, clean industry and business. Such a policy would add much needed tax revenues.

Mr. Sanborne opposes the Sharpe shopping centre proposal. At this time, perhaps all that is needed is another major grocery outlet and encouragement for development in the downtown area.

Also, better planning is required for the downtown area. The proper planning of traffic routes and parking facilities is necessary.

Mr. Sanborne invites your views and asks for your support. Call Jim at 458-2665.

Bob Hudson

My thanks to the Gazette for permitting me this opportunity to express my views. I believe that when ballots are marked in the 1974 election the public should give strong consideration to the candidates and not necessarily to the issues and the issue building potential politicians.

A positive nature, I believe, is a valuable asset for any councillor. The stand and take cheap shots position of some candidates has resulted in some fairly irrational statements to the public. An all negative approach which goes as far as blaming your council for busing of school children.

Despite what you read in political brochures I believe we have a wonderful town graced with enthusiastic, active and willing residents. I feel we have some problems, and if re-elected I will pursue viable solutions to these problems. I think that the problems related to recreation facilities shortage will be resolved almost immediately. I, and the rest of council, of course would like to have a new pool and arena built right now. In reaction to public request, we engaged a consultant to conduct a study of our overall requirements in the area. Also in answer to the public request, we are preparing a new recreation bylaw to enable the town to form a recreation board from the citizens at large so that we can get down to the business of building facilities. Largely due to my action on council, we are

presently assembling cost estimates and methods of financing so that our new board can proceed at a rapid pace.

I can promise no magic. I CAN promise to use my two terms experience to work with town staff and the residents towards the best workable solutions to our current and future problems for problems are a part of life for a municipal councillor.

I as always, would be pleased to discuss your problems I can be reached at 459-7581. Lets work together in a POSITIVE direction.

Myrna Fyfe

In January of 1973, I was the first woman to be elected to the St. Albert Town Council. Since then I have been able to establish my credibility and achieve most of the objectives that I set out to accomplish.

I have found the most effective way to attain my goals is through research, consultation and treating a co-operative attitude toward other members of council and members of our town administration.

At the time of my election, I was concerned with the need to revamp and up-date the town administration structure so that more services would be provided to residents. We now have a Town Manager System of Administration providing, among other equally important functions a comprehensive accounting method which, in part, facilitates long range planning; a new Department of Social Ser-

vices and a revamped Parks and Recreation Department which includes a recently appointed Director. A new Planning Department is well established and busy with the preparation of a General Plan for the future St. Albert.

These are some of the changes that have been made in the past 18 months in which I have played a major role.

In seeking re-election I am confident that my council experience will be most valuable in achieving the following priorities:

1. Controlled Residential Growth
2. Additional Recreation Facilities - Covered Pool and Arena
3. Development of Suitable Light Industry
4. Use of Expanding Media Facilities to Improve Communication.
5. Assist Teens in Establishing Worthwhile Leisure Activities.

C.F. Keyes

A challenge! Yes, that is the way in which I view the possibility of serving as a member of the Town Council. There can be no doubt that a change of direction is needed in our local government and I want to help in bringing about this new approach.

Since I have never before sought a public office, the next three years would be a true learning experience for me. But I am confident that my conscientious efforts would also be of significant benefit to the people of our community.

Of course, I have my own views as to the needs of St. Albert. As I see it, there must be a master-plan for its growth and development. We must have a centre for recreational and cultural activities. The time has come for a decision on the question of industrial growth, and we must face up to the issue of a major shopping centre for our community.

But the real need for change, in my opinion, is in the manner in which the town's needs are met.

During my three years as a resident of St. Albert, I have been struck by the lack of communication between the governmental body and the citizenry which it serves. I cannot subscribe to the existing system under which some members of our Council set themselves up as possessing an infallible ability to decide what is needed by the 20,000 persons of St. Albert and the ways in which these needs can best be met with absolutely no discussion of these points with those to be affected. My 23 years of responsible administrative experience have taught me that this approach cannot work well.

If I am chosen to represent the people of St. Albert, my efforts will be directed toward a means by which their wishes can be given real consideration in setting the new course for our town.

Charles Schroder

Uncontrolled growth, water shortages, traffic line-ups. One outdoor swimming pool and one covered arena in a community of almost 20,000. Inability to decide on the location of a major shopping centre. What is required is the immediate development of a General Plan to guide the development of the town and to ensure that essential services are available as they are required. Incumbents supported a General Plan three years ago and still do. But where is it?

Two years without a Recreation Board. Major facilities the same as they were three years ago. The immediate formation of a Recreation Board is essential to ensure that the recreational needs of ALL residents are considered. A covered swimming pool, another arena and arts and crafts facilities should be developed as quickly as possible. Incidentally council supported the above three years ago and still do. But where are they?

The best indication of what a candidate will do for you is what he has done in the past. During the past eight years that I have served St. Albert as a school trustee and chairman of the Board, I have earned a reputation of fairness, honesty, consideration for the views of others and sound decision making. BUT before you vote, please check me out. Ask some of the many people that I have worked with during my years in St. Albert whom they support.

Skiing Mechanics Workshop

Grant MacEwan Community College will host a three day "Skiing Mechanics Workshop" October 13, 14 and 15.

Five well-known ski professionals representing Harry A. Leonard and Company will be in Edmonton to conduct the workshop at the Chateau Lacombe, Alberta Room.

Gordon Lips, John Perryman, Carl Ettlinger, Paul Cohen and Doug Pfeiffer are thoroughly familiar with all facets of skiing and have extensive training and experience in the sport.

Ski enthusiasts will recognize the name of Mr. Lips who is well-known for his determination to reduce ski injuries. He is acknowledged nationally as an authority on bindings and has conducted lectures on the subject throughout the country.

Mr. Perryman, a technical consultant for "Ski Industries America" is the developer of the SkipUp test system for ski performance prediction.

An independent consultant to the America ski industry on safety equipment, Mr. Ettlinger is a specialist in the area of prevention of ski equipment related injuries.

Mr. Cohen, who is very knowledgeable in binding tests, adjustments, mountings and ski maintenance, has written several articles on skiing and has conducted binding and ski maintenance classes for a number of years.

Mr. Pfeiffer, one of the world's leading ski technicians and an authority on ski equipment, has written numerous books and articles on the subject.

The workshop, with a registration fee of \$100 for the three days, offers a hectic and comprehensive schedule to those who attend.

Subject matter will include maintenance of ski equipment, prevention of injuries, workbench sessions dealing with particular problems and demonstrations on drilling, countersinking, tapping, deburring and screwing techniques.

A session of special interest to the owners and personnel of retail ski shops and rental outlets will be included in the workshop. Such topics as shop layout, shop equipment and procedures and the liability of the retail or rental opera-

tor will be included in this section.

Anyone wishing to obtain a detailed schedule of the workshop is asked to contact Mr. Russ Pacey, Grant MacEwan Community College, Jasper Place Campus, 10045 156 Street, Edmonton, phone 484-7791.

For further information and/or advance registration contact the Continuing Education Division, Grant MacEwan Community College at 484-7791.

Guide company for handicapped

The Guide Company for handicapped girls will resume Saturday, October 5, at 10:30 a.m. in United Church.

The Guide Company for handicapped girls was formed in January. After enrollment, the three girls who joined the program participated in the general Guide program. They made and contributed articles to the MacKenzie district bazaar,

held in January. After enrollment, the three girls who joined the program participated in the general Guide program. They made and contributed articles to the MacKenzie district bazaar,

other St. Albert Guide companies. Captain of the company is Mrs. Bruce Sargent. Mrs. Sargent, who has also been a Guide and Ranger herself, has served the St. Albert Guide movement as captain for First Guide Company and Lieutenant for St. Albert Rangers.

Inquiries may be made by telephoning 459-4978 or 459-6723 after 3 p.m.

Gray Beverage gets new manager

Jack A. Rutherford has been appointed General Manager for Gray Beverage (Alberta) Limited, franchised bottlers of 7-Up, Crush and B.C. Cola for Northern Alberta.

Mr. Rutherford, a native Edmontonian spent 15 years in sales and marketing management for several national companies prior to becoming

Gray Beverage Marketing Manager in Edmonton when the company was incorporated October 1973.

Mr. Rutherford has been an active community worker over the years.

He was involved in minor football in the club from 1953 to 1963 including several stints as manager of the Edmonton Wildcats Jun-

ior Football Club. As a member of the Rosslyn and Rio Terrace Community League he coached various minor hockey teams.

The new general manager says the company will continue to implement aggressive marketing and sales promotion campaigns which have increased its share of the Edmonton area soft drink market since the firm's arrival in the city.

COMETS PRACTICE

St. Albert Comets senior hockey team will hold their first practice of the season Thursday, October 3 weather permitting. The St. Albert arena is scheduled to open earlier the same day if the plant will be able to hold the ice. If present conditions prevail the arena will be delayed until cooler weather permits the plant to operate properly. All positions on the team are open and it is hoped that all players making the club will be from St. Albert and district.

Watch for announcement in next week's paper.

Director of Social Service

CHARLES GALE

The Town of St. Albert has announced the appointment of Charles Gale as Director of Social Services. He will begin his duties October 1, 1974.

Mr. Gale comes to St. Albert from Blairmore, in the Crowsnest Pass, where he has worked for the past four years in the Preventive Social Services program of that area. He brings to St.

Albert an experience of working with a variety of community groups and organizations in planning, developing and co-ordinating programs to meet social needs. As head of the Department of Social Services for St. Albert, he will be responsible for administering the existing program and contributing towards stimulation of its future growth and development.

Mr. Gale and his wife, Kathleen, have two daughters, Virginia age 9 and Sarah age 3. He and his family will take up residence in the Mission area of Town.

Welcome Wagon Marks Tenth Year

Welcome Wagon is this year celebrating its 10th year in St. Albert and residents of 10 years standing will recall that June Parry was the Head Hostess when the service began, in July of 1964. In the year before she left June was responsible for organizing the Newcomers Club, a welcome

wagon service to help new people bridge the gap from stranger to community member. The newcomers have steadily expanded every year, both in numbers and kinds of activities.

June was succeeded by Joy Barker of Grandin Road, Genevieve Dawes of Sheridan Drive, June Kendel of Grosvenor Boulevard and June Leggett of Glenmore Crescent, all of whom continue to make their home here.

At present Yvonne Webster, senior hostess is assisted by three hostesses,

each assigned to an area, and they are averaging 120 calls per month, on a year round average. Last year was their biggest year to date. The baby welcome was started in January of this year by Connie Tremper and these calls are now handled by Doreen Gare. In the near future it is expected to have another member added to the staff.

Public Notice

Qualification of Voters

The Council of the Town of St. Albert have, by Bylaw No. 64/72 eliminated the necessity of a list of electors and instead have provided that every elector shall subscribe to a declaration that he is qualified to vote and any person subscribing to that declaration shall be permitted to vote. Every declaration shall be subscribed to in the presence of the Officer presiding at the poll.

Qualifications of a voter for election of Mayor, Councillors or on any question placed before the elector shall be:

1. The full age of eighteen years.
2. The purchaser of and entitled to possession of land which is liable to taxation for general municipal purposes, or
3. The owner of land liable to taxation for general municipal purposes and of which there is no purchaser, or
4. The owner or purchaser of a business liable to taxation for general municipal purposes, and
5. That you are not otherwise disqualified from voting.

OR

You do declare that you are the full age of 18 years and a Canadian citizen or British subject and have resided in Alberta for six consecutive months immediately preceding September 18, 1974 and were resident in the Town of St. Albert on Wednesday, September 18, 1974.

Qualifications of a voter for election of a School Trustee are:

1. The full age of 18 years.
2. Canadian citizen or British subject.
3. Resident in Alberta for six consecutive months immediately preceding September 18, 1974 and were resident in the Town of St. Albert on Wednesday, September 18, 1974.

Qualifications of a voter for election of a Hospital Board Member are the same as for Councillor and Mayor.

A corporation, church or other religious organization, or an estate is not entitled to vote at a general election or on the question.

Any inquiries should be directed to the Town Hall -- PHONE 459-6601.

Pioneer passes at 97 years

Joseph Lukawiecki, a pioneer resident of Alberta since 1901 died September 22 at the age of 97 years. Requiem Mass was celebrated by Father Kalita, who also conducted the prayer service, at Holy Rosary Church on Princess Elizabeth avenue, Monday mor-

ning. Interment was in Holy Cross Cemetery.

When he first came to Canada Mr. Lukawiecki worked as a labourer on the CPR line across B.C. He later married in the Skaro area of Alberta and soon afterwards moved to a home-stead near Mymam, where

Red Deer Drama Workshop Oct 4 to 6

Instruction in mime will be featured for the first time at the sixth annual provincial drama workshop planned for Red Deer College, October 4, 5 and 6.

The workshop, sponsored yearly by the drama section of Alberta Culture, Youth and Recreation, is open to applicants over 16. Registration fee is \$5 and applicants should register early with Alice Polley, assistant

drama supervisor, Alberta Culture, Youth and Recreation. Deadline date for registration is September 27 and more information can be obtained from Ms. Polley.

This years workshop includes, as well as its usual courses in creative drama, movement and theatre for children, a puppeteers' festival and an organizational meeting of the Alberta Guild of the Puppeteers of America.

Local girl a SAIT grad

Graduation ceremonies were held September 21 at the Southern Alberta Institute of Technology, when President F. C. Jorgenson presented the 1974 graduating class with diplomas.

Lindsay Kenny was a spring graduate at S.A.I.T., obtaining a Diploma of Applied Arts, specializing in Fabrics and Metal. An earlier graduate of Paul Kane High, Lindsay went to work for the summer with the Department of Culture, Youth and Recreation, teaching

arts and crafts to senior citizens in Drummheller, Brooks, Red Deer and Three Hills. She enjoyed this work and meeting many interesting elderly people.

In mid October Lindsay will begin teaching night classes under the further education program at the College of Art in Calgary.

Grandin Village Development Agreement Re-assigned

Mr. W. P. Curtin, regional manager of Bramlea Wescorp Developments Limited, reported to the Committee of the Whole, Sept. 16, that it was the wish of the company he represents to assign the

development agreement entered into with the Town of St. Albert for the second phase of Grandin Village to Nu-West Development Corporation Limited.

Mr. Curtin explained that

the company's partner had decided to withdraw its interests outside the Province of Ontario. He also reported that the joint venture of Bramlea Wescorp Developments was changing and was no longer interested in construction per se. "We have negotiated a settlement and an arrangement with Nu-West where they will assume our obligations under the development agreement with the Town of St. Albert and we would ask Council's permission for the assignment to go into effect," Mr. Curtin stated.

Mr. Curtin was asked by Coun. Bakker if the company was assigned the development by another corporation for stage one. Mr. Curtin explained, "The development agreement with the

Town of St. Albert was with regard to stage one. The obligations that Bramlea Wescorp has there we will retain. Stage 2a, which is drawing to conclusion, we will conclude and sell. It will be the second stage, 2b, the 88 units that remain to be built - the land that we own across Sir Winston Churchill Avenue that will be turned over to Nu-West." Coun. Bakker inquired as to who would be doing the interim administration of the Condominium set-up and was informed by Mr. Curtin that he would be in the area for some time due to the fact that there were other matters in Edmonton which needed attention. "The contractual obligations that Bramlea Wescorp has will be concluded in an orderly, pro-

gressive fashion. It is just anything new that the company does not want to get involved in. The next stage of the Grandin Village project is brand new. It is a whole endeavour that will take a year and a half to build and a year and a half to two years to sell out and conclude," he reported.

Coun. Bakker went on to ask for affirmation that Nu-West would undertake the administering of the next stage of the condominium and inquired if this would lead to conflicts in regard to the use of the common recreational facilities. Mr. Curtin answered that Nu-West was aware of its responsibility in these matters. "The agreement with the owners of Phase 1, the sharing of recreation facilities etc., is covered and included and Nu-West realizes that the sharing of the balance of

Phase 2 is a fact. They are assuming our exact position and our exact obligations," he said.

Coun. Lukay stated his intent to make motion that the matter be referred to the solicitors for the implications of the re-assignment to be investigated but Mayor Gibbon pointed out that the proposed re-assignment was allowed within the development agreement. "What we are doing is we give approval in principle, we are simply suggesting that the approval will not be signed as an agreement until such time as all legal ramifications and problems are brought before council," the Mayor stated.

The Mayor moved that approval in principle be granted subject to staff recommendations and investigations. The vote was 7 to 0 in favour of the motion.

A message from the Fire Dept.

TO: The Citizens of St. Albert.

Once again we are getting close to the colder days ahead and time again to have the heating appliances serviced. A burned-out motor on account of dirty filters, etc. spells trouble. If it happens during the cold spell and sometimes in the middle of the night or on a weekend, when the service man is not available.

The Fire Department are conducting home inspections again, so make them welcome. They do this to help

you to prevent a fire happening in your home.

A few things to keep in mind are:

No storage of flammables in a home at any time. Do not leave small children unattended.

Do not store combustibles near furnaces or under open stairways.

Practice home fire drills.

Carry out Fire Prevention at home and it is most likely that you won't have a fire happen in your home.

This year Fire Prevention Week is October 6 to the 12. Open house will be held at the Fire Hall during that week. You are also welcome to drop in anytime and we will answer any questions you may have pertaining to Fire Prevention.

The Department answered 100 calls to date and a lot of these calls could have been prevented, if Fire Prevention was practised at home.

Let's all work together to stop the fires before they start. Our Emergency phone number is 459-7077.

For information and appointments, phone 459-7021, anytime, day or night.

SIR JOHN A. MACDONALD

Macdonald dreamed of a Canada united by a transcontinental railroad from ocean to ocean. But such a railroad would have to pass through the areas that later became Alberta and Saskatchewan . . . areas inhabited by tribes who had no reason to love the White Man. Sir John conceived of a Mounted Police Force which would bring law and order to the areas and to meet the chiefs to discuss the signing of treaties allowing the railroad to go through. In 1873 the North West Mounted Police Force was chartered and in 1874 the first detachment rode out to make Sir John's dream come true.

Finishing Touches

Take 43 people, 215 items of clothing and accessories, and you're bound to come up with a substantial co-ordinating job. That's the assignment undertaken by Eaton's recently to help send the members of Team Canada and it's supporting personnel off to Europe in style.

Before taking off for the series of games across Canada and to Russia, the team members converged on Eaton's Edmonton store where a group of Eaton's fitters made sure each athlete presented a trim appearance in Europe.

Measurements of all team

members were obtained in advance to assist in the co-ordinated production and distribution of the wardrobe.

But because even the best laid plans and measurements can be out a bit here and there, a battery of sewing machines and a group of Eaton's fitters were standing by in Edmonton to carry out last-minute alterations.

The official walking out uniforms donated by Eaton's consist of bright navy wool worsted slacks, red wool two-button blazers with exclusive Team Canada crest, white shirts and attractive blue and red club stripe ties.

Lieutenant-Governor Ralph Steinhauer, right, honoured his predecessor, Dr. J. W. Grant MacEwan, during a special ceremony in Edmonton September 13. Acting on behalf of the Alberta Weekly Newspapers' Association, Alberta Power Ltd, and Calgary Power, Lt.-Gov. Steinhauer named Dr. MacEwan the province's first Honorary Junior Citizen. Now in its 13th consecutive year, the Junior Citizen program offers recognition to courageous and enterprising youngsters from across Alberta between the ages of six and 18. Dr. MacEwan personally participated in the Junior Citizen ceremony during his term as Lieutenant-governor.

ST. ALBERT BADMINTON

At the recent annual general meeting, the following executive was elected for the 1974-75 season - Bob Sage, president; Warner Loewen, vice-president; June Victoor, secretary; June Raven, treasurer; Diane Stoutenberg and Dave Chalcraft, tournament captains.

The Club will commence their playing season on Thursday, October 3 - playing days will be Monday and

Thursday evenings from 7:30 p.m. to 10:30 p.m. and Saturday afternoons from 2 p.m. to 4:30 p.m. at the St. Albert High School.

Because of last year's rather large membership, previous members are asked to register on one of the first three playing nights or call

Bob Sage at 459-7624 during this period. After these registrations are made, consideration can then be given to accepting new members.

Paper salvage depot aids Guide program

St. Albert Guide Companies and Brownie Packs involved in the paper salvage project were able to earn \$1,100 last year in support of their programs and projects. Which is just one of the advantages of the paper drive.

Every ton of paper recycled saves about 125 cubic feet of space in a landfill site for something that more appropriately belongs there. Every ton recycled saves approximately 11 - 17 trees, depending upon which type of pulp the recycled paper replaces. Salvaged waste paper which is surplus to local needs is exported and earns valuable foreign exchange for Canada. The research done by the Edmonton Salvage Company also shows that for every ton of paper recycled the city saves \$17 which would otherwise be spent on solid waste disposal.

Through this project the

young people learn something about ecology and thrift. They depend of course on local residents to support their paper salvage campaign and as they begin the new fall season the Guides and Brownies would like to enlist the co-operation of townspeople in delivering paper, magazines, paper backs and so on in the proper manner for efficient recycling.

Newspapers should be bundled separately from other paper. Bundles should consist only of DRY newspapers, Weekend and Canadian Magazines and the Saturday comic section. Newsprint properly bundled earns \$15 a ton for the Guides and Brownies.

Magazines, telephone books, catalogues, office files and other household paper is to be kept separate from newspapers. These items may be packed in cardboard boxes or shopping bags, and

they net \$10 per ton.

The following items are contaminating in the recycling process and must be kept out of salvage paper: waxed milk cartons, plastic bags and wrappings, foil wrappings, styrofoam egg cartons, meat trays, cups and floor sweepings and lunchroom garbage.

Bundling of newspapers should be done at home and the bundles securely tied with twine, wire, old nylons or fibre tape.

The co-operation of residents is further requested in delivering the paper to the permanent storage garage behind the museum, where they will find a sign posted.

The Guides, Brownies and their leaders are most appreciative of the wonderful support they have received over the years on their paper salvage project. Any enquiries may be directed to Mrs. Sheila Maurier at 458-0450.

Girl Guides and Brownies are planning another busy year with their paper salvage project and looking forward once more to the support of St. Albert residents. In the front row from left are: Sherry Crerar, Cathy Maurier, Leanne Maurier, Dana Heldemann, Vickie Muir and Charlene Muir. At back are: Rena Yeats, Capt. 2nd Guide Company, Colleen Mykeshup, Adele Guillelte, Daine Garrett, Cathy Lavoy, Jan Muir, Tawny Owl 3rd Brownie Pack and Hilda Crerar, Brown Owl, 3rd Pack. Sign at upper left has recently been posted on the paper depot operated by the groups.

Ambulance service is priority says Ford

An ambulance service for the Town of St. Albert and an expansion in the hospital services will be the aim of Colin Ford if he is re-elected to the Sturgeon and District Hospital Board.

Mr. Ford told the Gazette Monday he would also like

to see more use made of voluntary services and more emphasis on the preventive aspect of medicine.

He has been an incumbent on the hospital board for the past six months when he was previously appointed by acclamation - by St. Albert

town council.

Mr. Ford said he felt his previous experience on the board would be a tremendous asset to the Town of St. Albert since it was the largest member of the hospital district.

Mr. Ford emphasized his

determination to help provide an ambulance service for the Town of St. Albert. He pointed out there would be many instances where residents could use the service, such as those in car accidents and cases of cardiac arrest.

He said the problem was getting someone to staff the service and he suggested the ambulance should be located in town and run by the Fire Department. The cost of providing the service would be \$30,000 initially and Mr. Ford said he didn't see any problem here as the funds could be obtained. One problem to be overcome would be the sharing of the service with the MD of Sturgeon. The service he said would be the responsibility of the hospital board and they would have to apportion the cost of it.

On improving the volunteer services within the area he said there was a need to take patients to Edmonton, visit those who would not otherwise get visitors, and provide library services.

Mr. Ford said he hoped to see the Sturgeon Health Unit relocate at the General Hospital but this expansion "due to mechanical things" would probably be two years down the road. "I would also like to see the hospital develop into a community health centre," Mr. Ford added.

He felt that many of the hoped for improvements in the voluntary co-ordinating services would fall in quite nicely with the Social Services Board, of which Mr. Ford is chairman. He is also a Kinsman.

Theatre director John Neville has chosen to direct Sheridan's 18th century masterpiece in the style and

manner of the time. A group of very talented actors with considerable experience in the acting techniques of classical theatre have been assembled for this production. The cast includes Margaret Bard as Lucy, Margaret Barton as Mrs. Malaprop, Bob Birch as David, Marian Brant as the Boy, Owen For-

an as Sir Anthony Absolute, Brigid Johnston as Lydia Languish, Colin Miller as Acres, Richard Partington as Sir Lucius O'Trigger, David Schurmann as Capital Absolute, Tom Wood as Faulkland, and Susan Wright as Julia.

'The Rivals' is a comedy of manners and errors dealing with the carefully arranged plans the elder generation have for the younger being upset by the romantic ideals of the young lovers. The comedy is generated from the ensuing confusion

and the witty characterizations. The show was designed by Phil Silver and is almost totally sold out for its four week run to October 19. Following the Edmonton engagement the show will travel on a week's tour of Alberta before playing at Theatre Calgary.

SCHRODER

It wasn't very considerate of the Canada vs U.S.S.R. hockey team to plan their games on the same nights as the Lions were selling light bulbs in St. Albert, Lion Murray Keyes commented. It made it difficult to get sellers and a few people were annoyed at having to leave their sets to answer the door. Consequently, the

selling nights were extended to this Monday and Tuesday. If you did not get called on, we are truly sorry, but we did our best to cover an ever enlarging town. Like the hockey game - you never know till the end what the score is.

Thanks to those who purchased bulbs. Unfortunately, for starters, we will have to spend some of the money to repair smashed toilets, broken locks, etc., in the

park. Channel 7 has a good slogan when they show on the screen - "It is now 10 o'clock - do you know where your children are?" We have noted in St. Albert, the same could be shown at 11, 12 or 1 o'clock. Our local RCMP have helped a great deal but they cannot become park babysitters.

The potato sale is over and all that is left is for the chairman of that comm'ttee to sit in his vault and count the money.

The Saints and Sinners Square Dance Club will commence their 10th year of dancing in St. Albert, Saturday, October 5th, at Sir Alexander Mackenzie School. Dancers who have experience, are welcome to register as club members at 8:30 p.m. that evening.

Refresher workshops for those dancers who have perhaps become a bit rusty during the summer, are now being held each Friday even-

ing, at 8:30 p.m. in the United Church Basement.

Beginner's square dance lessons will commence Friday, October 4, 8 p.m., at the Grandin Clubhouse. All new dancers are welcome to join. For more detailed information, please call Val or Sylvia Boorse at 459-5422, or visit our information booth at Grandin Mall, September 26, 27 and 28, during Canadian Square Dance Week.

The Kidney Foundation of Canada, Edmonton Chapter, will hold its Annual Candy Sales Drive in St. Albert and the Edmonton area - September 23 - 24.

The Halloween Candy sells for \$1 per bag, with the proceeds being used for medical research and patients assistance in the Edmonton area.

Volunteers will be calling on St. Albert residents on the above mentioned days and they ask you to help them in their goal to prevent and cure diseases of the kidney.

About 50 Edmonton patients are awaiting a transplant while they continue on dialysis machines. Plans are also being made to purchase a Winnebago camper outfitted with a home dialysis unit to enable the patients to leave hospital during the holidays as they must usually visit hospital one to two times per week for the treatment.

We invite you to make our pharmacy your own personal source of your medicines and health-aids. We promise your visits to us will be welcomed and you will be served courteously, attentively and honestly.

You are also invited to request our professional opinion of any of the advertised remedies or health-aids. Pharmacy's Code of Ethics directs us to consider your health rather than greater profits. We can tell you when it is wiser to consult a physician.

"A GREAT MANY PEOPLE ENTRUST US with their prescriptions, health needs and other pharmacy products. We consider this trust a privilege and a duty. May we be your personal family pharmacy?"

IT'S TIME FOR A CHANGE!

DICK PLAIN IS

THE MAN!!!

INSERTED BY DICK PLAIN FOR MAYOR COMMITTEE

They're coming from Japan to see unique training program

"Hi! How're you doing? Got any good plans for the weekend?" "No, not really," is the reply.

That's the sort of conversation you might hear at any industrial plant or factory in Canada every Friday afternoon; and the Western Industrial Training Centre south of St. Albert is no exception. People there finish their day's work, clocking off a little earlier than most at 3 p.m., and then going home.

But when you talk to the chief of operations at the Training Centre, Dr. Dwain Tichenor, you realize that this is an industrial centre with a difference. For the 225 people who work here, turning out a wide range of industrial products from stereo decks to decoyducks, are mentally retarded and some have multiple handicaps emotional and physical. Yet the atmosphere at the centre is one of radiant happiness and as Dr. Tichenor said, you don't have to be a special type of person to help train the student here, as long as you realize that you are dealing with people and accept the

retarded as people. That is the philosophy which guides the 37 teacher-tradesmen and administrators as they teach their students how to make complex integrated printed circuits for transistors and also put together the parts like the dial and cassette units for telephones. Dr. Tichenor also showed other items made by the workers at the centre - in the printing, plastics, electronics, optics and light production departments - which are a credit to the workers here considering the handicaps they labour under.

There are many items you buy in the shops; some have already been mentioned. Snow toboggans, games, gas theft prevention devices, wild (plastic) Alberta roses, rubber tarpaulins, wire terminals and connectors and plastic freezer bags, are made by the people in this centre. The list goes on; they also make eye glasses, plastic paint-louse containers, plastic forceps for use in hospitals as well as all kinds of plastic utensils.

One of the biggest jobs being undertaken at the centre now is a contract for 20,000 stereo-gram

decks, 50-60 of which are being produced every day.

Dr. Tichenor says that in the centre, the only one of its kind in North America, some of the workers will actually leave and work in an outside industrial setting - in fact 15-20 of the trainees have been placed in private businesses.

He also said that many visitors come to the \$1 million building which provides a unique vocational service. "I believe it is serving as a demonstration of what can be done and we are having an influence in what can be done in the area of vocational development."

Dr. Tichenor pointed out that they get many delegations coming from other provinces to seek ideas on how similar programs might be developed in their own jurisdictions. With all the spare work and research having been done at this centre it is no wonder that people have been coming from as far away as England, Japan and the States to see just what can be done.

The centre is open 12 months a year five days a week, with the work force having three weeks holiday a year with parents or friends, as well as 10 days statutory vacation.

The age range of the workers here is 16 years and up, and they come in from various other institutions, are referred by their parents or community workers or from virtually any other source.

There are no grade levels at this school and while at the training stage some may learn faster than others. If it takes even three years to train a person properly, this will be done.

And so the good work at this centre which has now been operating for six years, goes on.

Members of the Saskatchewan Legislature on a Canadian Parliamentary Association visit to the Alberta Legislature expressed interest in the Western Industrial Research Training Centre, and were accompanied on their visit by MLA Ernie Jamison. From left are: Mr. and Mrs. Dick Michayluk, John Lane and Reginald Gross, Saskatchewan members; Bill MacDonald, Clerk of the Alberta Legislative Assembly; Dr. Dwain Tichenor, Chief of Operations at the centre; Mr. Jamison and David Lange of Saskatchewan. The visitors were tremendously impressed with the work being done with handicapped people at the centre.

Town of St. Albert Public Meeting

**Is a Major Shopping Centre
needed in St. Albert?**

A series of public meetings will be held for the purpose of obtaining opinions from St. Albert citizens regarding the prospect of a regional shopping centre.

The first meeting is OCTOBER 1, 1974 at the CLUB MOCOMBO -- TIME: 8:00 P.M.

It is intended that this initial meeting be restricted to a discussion of broad issues related to regional shopping centres such as:

- *location and adequacy of shopping centres in St. Albert and the metropolitan Edmonton area;
- *criteria for assessing regional shopping centre proposals including market area, site size, accessibility, compatibility with adjacent land use, parking, ancillary community facilities and similar considerations.

A second meeting and if necessary a third meeting will be held in November to discuss specific shopping centre proposals which have been submitted to Council. Also alternative sites residents wish the Town to take into consideration.

Opinions expressed at these meetings will be conveyed to Council prior to a decision being reached on this matter of community-wide concern.

Ted Hole named to marketing board

St. Albert vegetable grower Ted Hole has been appointed a first member of the Alberta Fresh Vegetable Marketing Board, along with six other residents of the province.

The Agricultural Products Marketing Council announced the appointments this week. Mr. Hole runs a vegetable farm near the north limits of St. Albert one mile east of Highway 2.

The other first members

to the board all of whom are vegetable growers are: Bill Nagal, of Taber, Leo Juss of Brooks, Ed Shimbast of Barnwell, Bill Thomsen of Rolling Hills, Detrich Kuhlman of Edmonton and Dave Friesen of Berwyn.

They are provisional members who will not serve for more than 18 months, after which members to the board will be elected by growers.

The first board members

were carefully selected from a list of names supplied by the Alberta Fresh Vegetable Growers Association. They will be responsible for starting the fresh vegetable industry on a course leading to a strong revitalized industry that will prove beneficial to consumers as well as growers.

Owing to the considerable responsibility placed upon the new board the marketing council intends to provide the board with guidance from

two special advisory committees.

One committee will make recommendations to the board on establishing and operating grading stations to ensure that vegetables are properly graded. The other advisory committee will provide guidance on prices that producers should be paid for their produce. David Zaychuck of Edmonton has been requested to chair this committee owing to his special interest and contacts throughout the vegetable industry.

The marketing council advises growers that their new board will very likely find it necessary to develop slowly and that growers should not expect the board to be fully operational until early next year.

Hunts honoured prior to leaving

A small dinner party was held in the St. Albert Inn on Monday evening to honour Mr. and Mrs. Don Hunt on the eve of their departure to Calgary.

Mr. Hunt was recently transferred to that city. He has been involved in many phases of community life since 1953 when he first took up residence here.

Always interested in youth, he coached and managed soccer teams of all age levels, as a foundation member of the Hercules Sports Association, and since 1967 as President. That year he

also found time to be the Chairman of the Centennial Committee and saw many of the Town's centennial projects started and finished.

He was appointed to the Local Use Committee on the Parks and Recreation Board in 1958 but still continued to coach soccer.

In all his endeavours on behalf of the youth of our town, he was supported by his wife, Lucille, who acted as a very willing unpaid telephone answering service. Still unpaid, she even took in washing - boys soccer uniforms! - and saw to it that

Don's team was always smartly dressed.

St. Albert will miss these good people who contributed so freely to life in our community and the Town's good wishes go with them.

Mrs. Ray Hopkins, soccer co-ordinator, presented Mr. Hunt with a desk set on behalf of the Hercules Sports Association and Mayor Gibbon presented a plaque on behalf of the town.

Mayor Ray Gibbon expresses the appreciation of the Town for Mr. Don Hunt's community service and presents him with an engraved plaque. The Hunts have been transferred to Calgary.

HAPKIDO'S MARTIAL SKILLS COMBINE SELF DEFENCE WITH PHYSICAL FITNESS

Hapkido, which is a blending of the Korean martial skills and various aspects of the Japanese dai do ryu system, originated approximately 1,300 years ago at an academy established to instruct young noblemen in reading, writing, mathematics, the arts, and self defense. The skills in self defense developed at the Korean academy were called tae kyon and concentrated upon the use of kicks. Gradual assimilation of the throwing and holding techniques of the Japanese dai do ryu system added this element to Hapkido creating a broad diversity of techniques which can be practiced.

Prior to the second world war, Hapkido was known only to a select group of Korean nobility and Buddhist monks. With the removal of this shroud of secrecy, Hapkido began to rise in popularity both as a martial practice and a method of achieving physical fitness. Schools have sprung up in many countries around the world.

Hapkido literally means the co-ordination or joining (hap) the reality underlying the phenomenon of power or energy (ki) in the defined method (do). The practice of Hapkido involves the application of kicks, blocks, punches, dodges, and throwing in self defense. The Hapkidoist employs the power underlying natural forces (centrifugal and centripetal) to overcome an opponent.

The characteristics of Hapkido remains in the kicking techniques which are identified by their 'snap-power'. Due to the tremendous energy created by snap action, the kick becomes a formidable tool to be used in self defense. Contact is discouraged in practice because of possible injury and the difficulty in restraining the power generated by the kick. Some of the kicks utilize centrifugal force and literally cannot be held back once the motion has begun.

Punching or striking follows the same course in Hapkido. These techniques stress snap action and contact with particular areas of the hand or arm. By a simple modification of the manner in which the hand is made into a fist, the punch becomes a formidable tool of self defense.

Throws are also part of the method of Hapkido and they bear a resemblance to the throws used in Judo. Concentration on leverage is part of the application of the throw. In order to be completed, the throw must be aimed at the area of the opponent's body which acts as the centre of motion. In effect, the opponent spins around this point when the throw is applied.

Pressure points form part of the technique of Hapkido. Nerve and muscle holds applied at the 54 'soft spots' located on the human body are effective methods of

stopping an opponent. Holds applied to joints are also used and these force an opponent to submit, for resistance means self inflicted breaking of a limb.

Familiarity with weapons has become an integral part of the practice of Hapkido and students are instructed in the use of the Kendo sword, the long staff, the middle and short length stick the cane, stone throwing, and towel techniques. By the time a student has reached black belt he or she has a familiarity with all of these objects as a mode of self defense. After reaching this point, the student truly begins training with all the knowledge he has accumulated.

The initial part of Hapkido training, the stage between beginner and 1st dan black belt, is traditionally the period in which the student gradually develops the skills and practices the techniques given to him by his instructor. The student advances in stages beginning with white belt (8th kub) and through to the second stage of red belt (1st kub). Advancement is achieved once the student has learned and perfected a number of techniques and there is a set to be learned to earn each belt. Once the black belt stage is reached, the student spends much of his time combining the techniques he has learned though there are many more techniques to be mastered.

Hapkido's main gymnasium of Canada is located in Edmonton and heading this school is Mr. Jae Sam Song. Mr. Song was instructed by the reigning master of this martial art in Korea, Ji Han Jae, and has attained the rank of 5th dan black belt. He spent two years instructing members of the Army in South Vietnam.

At present, Mr. Song is considered to be the head of Hapkido in Canada and is the only man in this country permitted to advance a student past the black belt stage. Mr. Song was reluctant to say who was the most proficient Hapkidoist in Canada but according to his student and co-instructor, Ed Denys, he is the best. An indicator of his expertise is the meagre number of people throughout the world who have achieved 5th dan.

"There is so much to explain," says Ed, "that will not come out in a brief interview. Some things are difficult to explain or understand, but they come through practice. One needs to see many of the techniques, and feel them, in order to understand the art."

"Class begins with a series of breathing exercises followed by a series of physical exercises. This goes on for about 15 minutes and is followed by kicking exercises which last for about the same amount of time. The next part of the class is devoted to kicking practice, kicking at a target and using different forms of kicking. Punching exercises and form practice are also done."

"A large part of the class is devoted to learning and practicing techniques," explains Ed, "since this is what makes up the art of Hapkido. There are about 400 techniques to master on the way to a black belt."

Ed states that Hapkido is a good way for a person to get into shape and age, sex, size, or weight are not barriers. Control is the key, and control stems from training, therefore whatever condition one is in when one starts out, the idea is to strive for control and avoid over-doing things. A good physical condition is the consequence of the training.

Classes are not closed at the gymnasium and students train each evening from 6 p.m. until 10 p.m. The public is invited to come down to the school and watch. The address is 10070 - 100A St., (3rd floor).

"Hapkido does not involve merely learning a set of techniques," states Ed, "the Hapkidoist develops his own set of techniques, his own style, and with each individual it is a unique thing."

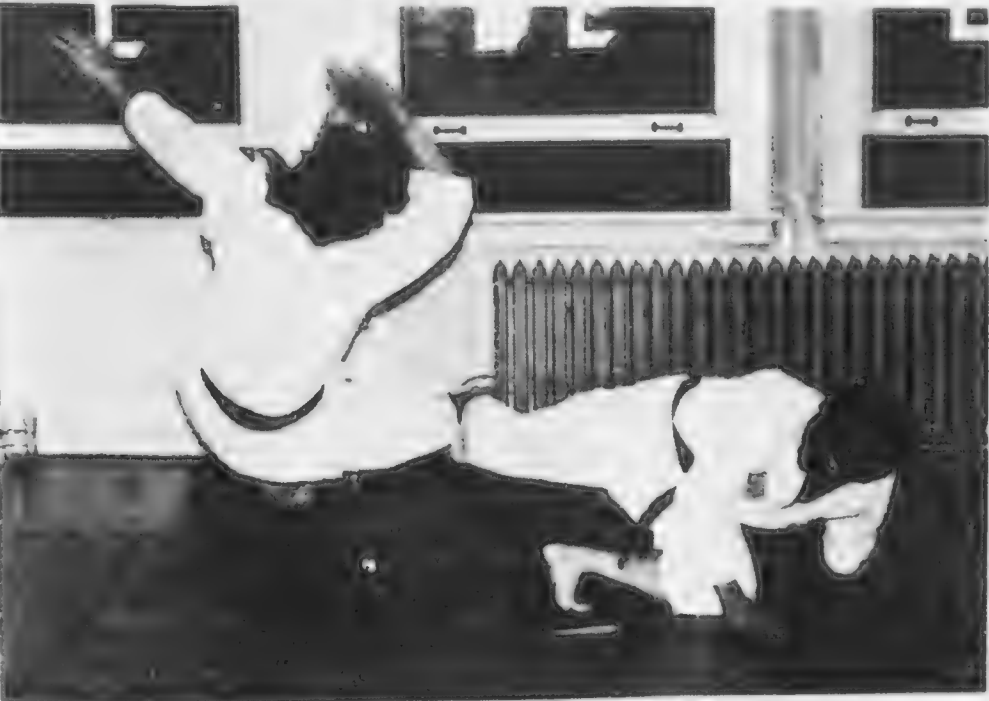

With determination the student can reach the stage of black belt in as short a period as two years."

The symbolism present in the Hapkido crest is manifold. Represented on the crest is an eagle, a powerful creature of nature, catching an arrow in mid-flight. Such a feat requires such factors as strength, concentration, and skill. The path of an arrow, a perfect arc, is also linked with natural forces. Present in the need for physical and mental co-ordination - such co-ordination stems from the training and practice of Hapkido.

GOOD BUYS

CLASSIFIEDS
458-2240

The kick demonstrated in this picture is called the low turning kick and is an example of the type of kick which is difficult to hold back once started. Ed Denys (about to fall) was mildly injured in this demonstration due to the force of the blow by Mr. Song (on one knee).

Pamela Hensley (centre) who goes over a cliff in a sports car in "Dowshiff to Danger" posed with Collette (left) and cousin Sherri Lee between sessions on camera during the filming of the episode of McMillan and Wife.

Local Family Meets Film Stars

While in California on holiday in August, Mr. and Mrs. Richard Laffeur and family were present for on location filming of an episode from the McMillan and Wife series.

The visit to the set was arranged by an acquaintance of Mrs. Suzanne Lee who works for the studio which produces the series and such visits by the public are rarely permitted.

The Laffeurs were pre-

sented for about three hours of filming and were informed that approximately six minutes of actual T.V. time would be the result. They were also told that a single hour of television show requires 10 hours per day for five days to complete.

Rock Hudson, Susan St. James, Pamela Hensley, and Van Johnson were the stars who were on the set and the Laffeurs had an opportunity to talk to them all as well

as snap a number of pictures. They also had a ring-side seat to see many of the trade secrets of the movie world. A life-size dummy of Pamela Hensley which goes over a cliff in a sports car in this particular episode.

The episode which the Laffeurs were seeing in the making is titled "Dowshiff to Danger" and will be on the air this Friday night at 9:00 on Channel 3.

Council Candidates rise early for breakfast

Fifty-six persons, among them those running for office in the coming St. Albert municipal elections attended a special breakfast meeting with their wives at the Purple Dade restaurant last Saturday morning.

The meeting was the regular monthly gathering of the Full Gospel Businessmen's Fellowship International.

During the meeting which was chaired by Ken McAm-

mond, real estate salesman Marvin Winch of Edmonton gave the candidates seeking office some food for thought reminding them of the special responsibilities of their position and the duty of the public to pray for those in charge of the town's affairs.

He also said, "You're going to make mistakes and we forgive you for it." He asked those who won in the elections to pray for those

who would lose.

Also at the meeting Dave and Judy Bailey sang hymns accompanied by Wyn Bowen at the piano, IBM engineer Sid Hutto of Montgomery Alabama gave a brief talk and the gospel text was read by Elmer Solberg of St. Albert.

The candidates for office were not asked any questions or given any opportunity to discuss major election issues, and most of the Fellow-

ship people attending were from out of town. The breakfast and gospel service lasted for two and one-half hours with gospel music, prayers and testimonials.

Awards night

The annual awards ceremonies for St. Albert High School will take place in the high school auditorium on Wednesday, October 2, beginning at 7:30 p.m. All students, graduates and members of the public, parents are cordially invited.

Marguerite Broten goes after Trustee Seat

Marguerite Broten in a news release last week explained why she decided to run for office on the Catholic School Board.

My interest in School District #3 began two years ago when I became involved in a parent group who approached the school board in an attempt to have the French program in St. Albert expanded. As a result of this en-

counter, I became aware that the parent's point of view could only be made at the trustee level. The professional teacher's influence is predominant in the school staff as well in the administrative staff. I feel that the advice and professional judgements required can adequately be made by the educators on our staff. The school trustees should re-

present a cross section from the non-teacher section of our society.

My primary concern will be to encourage parental involvement in our school system. I would like to see parent advisory committees formed and would support the formation of parent and teacher associations. A permanent channel through which concerned parents might approach the school board is essential.

Another area of concern is the poor nutritional standards of our country that were recently uncovered by Nutrition Canada. I feel that innovations in our schools could help alleviate this problem and eventually improve the health of our nation. I would support a "Nutrition in the Schools" program where our children's eating habits could be developed into nutritionally sound healthy appetites. A school lunch program will prove to be expensive, unless provincial grants are eventually made available in an attempt to lower future health costs. However, some pilot projects are under way and a beginning could be made by teaching better nutrition in our schools and by eliminating the availability of "junk foods" in our schools.

Another health related program is that of school Physical Education programs. There is now some talk and support for making physical education a non-compulsory class. My feel-

ings here are that the program should be compulsory, both the emphasis should be on teaching our girls and boys about their bodies functions and how, through physical education programs, they can maintain healthy bodies. This type of program cannot be equated with a "sports program." The sports that I would like to see emphasized are those things that can be done throughout one's life to help maintain good health. Some examples are golf, tennis, swimming, yoga, skiing.

I believe that in Canada today, any child who is not given every opportunity to become bilingual is probably being kept out of many jobs for which he or she may otherwise qualify. This is true in my private enterprise posts as well as civil service jobs. Apart from this, it is simply true that the world becomes smaller as travel becomes easier and two or even three languages help us to understand the various peoples who inhabit our world.

The French program in our schools should be expanded and improved. Exposure to a second language should begin at an early age. It is a particularly good time to improve our programs because substantial grants have been made available by the Federal Government so additional costs to us are minimal.

I believe that the trustees that are elected are

being called on to do more than simply co-ordinate those things on which a majority of people agree. I feel that the trustees should initiate new ideas, provide sound leadership in questionable areas and sometimes make decisions which may be opposed by many people.

I have lived in St. Albert since 1972. I am a Registered Psychiatric Nurse, the mother of two daughters. I am a member of Beta Sigma

Phi and the St. Albert Arts and Crafts Guild. I was involved in the formation of the bilingual storyhour at the St. Albert Library. I have thoroughly enjoyed my involvement in St. Albert and I feel I can devote the necessary time to contribute an independent opinion to school board issues. If you have any questions regarding my thoughts please feel free to call me at home, phone 459-7195.

You Make It Happen

Freeman runs for Trustee post

Since moving to St. Albert we have been impressed with the quality of education available to our children. I believe that parents should take an interest in their children's education and as well should accept a shared responsibility with the teachers and educational administrators for the continuing development and improvement of our educational programs. So stated Mr. Peter Freeman in a press release saying he would seek office as a trustee in District 3 school division.

I have a particular interest in the special education programs of the school district and I believe that all

our children should have educational programs available to them so that they are able to develop their abilities to the fullest extent.

As St. Albert continues to grow there will be many pressures on the school district to respond to the desires and demand of its students and their parents. As a parent with growing children I would like to be involved in these decisions. Although recreation is not directly the responsibility of the school district, I believe that all the elected

bodies should co-operate to the fullest extent to ensure that all facilities are used to their capability. I also believe that these bodies should co-ordinate their efforts to see that development in this area happens and that the necessary representations to senior governments are made.

At present I am an Associate Professor of Law and Law Librarian at the University of Alberta. I am presently an adjudicator for the Public Service Staff Relations Board of the Federal government and am a

past-president of the Association of Academic Staff of the University of Alberta. Anyone who wishes to assist is invited to call 459-4633.

Substitute Teachers

ST. ALBERT SCHOOL DISTRICT NO. 3
Required immediately - substitute teachers at various grade levels. Must possess a valid Alberta Teaching certificate. Phone - 459-7711 or write to - 6 St. Vital Avenue, St. Albert, Alberta, or W. Zielinski, Superintendent of Schools.

Smell bad - but no danger

Recently St. Albert residents have been commenting that the air does not seem to be as fresh as it normally is. They are assured that there is no reason for concern; the aroma may not be exactly Chanel No. 5 but it is absolutely harmless and a few weeks will see an end to it.

Scheduled to be in operation this summer, the construction of the new sanitation plant on the North Saskatchewan River has been plagued by the problems at present being encountered by the construction industry generally: lack of materials, labour, slow delivery, etc. causing a delay in the operations of the new facility.

In the meantime, the old facility which would have been phased out by this time if everything had gone according to schedule is under more pressure to "produce" and the bacteria in the first stage of the process of decomposition are producing a harmless gas in silent but noticeable protest.

Nature will provide the solution eventually but in the meantime, all possible avenues are being investigated by the Town to combat the odour problem. Unpleasant, yes; injurious to health, definitely no.

"IT'S FOR YOU"

An AGT Decorator Phone will say nice things about you. And your room!

Say hello on a perky candlestick phone. Be nostalgic and select a stylish candlephone. Keep a chestphone tucked away until you make or take a call. Call AGT about colors and styles. Your own distinctive taste will tell you which to choose for your home decor.

SPORTS

St. Albert's Hercules peewee soccer club won the Alberta Championship last weekend in Edmonton with a thrilling 1-0 win over Calgary. Members of the team from left to right, top row: Joe Kelly (assistant coach), Dennis O'Neill (fullback), Tim Schrader (fullback), John Diamond (goalie), Paul Kelly (centre forward); Troy Murray (inside right); Tony Behlens (fullback); Coach Herman Kochan. Front row, left to right: Ricky Gray (left fullback); Joe Anisley (right-wing); Keith Heyburn (right-wing); Paul Mace (inside left); Brent Yurkiw (left wing); Brian Hunt (captain and centre half); Norman Oettinga (right half) and Terry Merri (right half).

St. Albert Soccer team wins Alberta championship

St. Albert's peewee soccer team won the Alberta Peewee Soccer Championship Sunday at Coronation Park in Edmonton with an exciting 1-0 win over Calgary's Buena Vista. The team, coached by Herman Kochan and Joe Kelly and sponsored by the Hercules Club of St. Albert, lost only one match in 24 tough this season in the fourth Edmonton Metropolitan Youth Soccer League. The league is made up of four divisions with St. Albert winning the north title. The team will now travel to Winnipeg, October 12-13.

to take part in the National semi-finals and the Western Canadian Championship. They will be playing against teams from British Columbia, Saskatchewan and Manitoba with the winner advancing to the Canadian finals to be played in Eastern Canada.

St. Albert had by far the smallest team in the league and playoffs and were not expected to reach the finals. However, as it so often happens the team relied on guts, determination and the will to win and put it altogether for an exciting 1-0 win. The

game was well refereed, cleanly played, with both teams showing excellent sportsmanship. The only goal of the 90 minute match came at the 10 minute mark of the opening half when St. Albert's smallest player Brian (Pipsqueak) Yurkiw took a perfect cross pass from right winger Keith Heyburn to score. Both goalies played very well with St. Albert's John Diamond coming up with some excellent saves. Most of this year's team were first year peewees having made the jump direct from mite teams. The Hercules soccer program must be congratulated for again coming up with the sponsorship so badly needed for boys of this age.

The team is also involved in Challenge Cup matches and last night beat Ritchie 4-1 in semi-final action. They now enter the finals to be played at Kinsmen Fieldhouse, October 5.

A fine turnout of St. Albert fans was on hand to see the match and the totally unexpected victory. Players and fans alike were mixing tears with smiles when the final tense last minutes were over and the win assured.

The young lads showed skill, courage and an exceptional team spirit, and these qualities surely reflect the best kind of coaching. They will need help however with financing the Winnipeg trip - over and above what the Hercules Club the Town and the Department of Youth are able to provide under their policies, which include many responsibilities. We are confident the community will come through.

Final registration for the Kinsmen Minor Hockey program will be held this Saturday from 9 a.m. to 12 noon at Sir George Simpson School. Up until then you may register at the Town Hall recreation department. This is your last chance as teams have to be formed so that schedules may be drawn up and ready to roll as soon as possible.

creation department. This is your last chance as teams have to be formed so that schedules may be drawn up and ready to roll as soon as possible.

Hockey Parents

The Kinsmen Minor Hockey Association has a uniform collection day last Saturday with all players and coaches asking that uniforms issued last year be returned so full sets could be made up for this season's program. Not one person or coach bothered to drop their uniforms off on Saturday and one team showed up on Sunday. There still are over 100 sweaters and socks com-

binations out from last year and all parents and coaches are asked to check with the boys hockey bags and please make an effort to return the uniforms so that other boys may be able to have a set this year. This is a big expense to the Kinsmen Club and there is no reason why it should be.

For further information please call Steve Zdrill at 458-0140.

Curling club opens Oct. 5th

The popular St. Albert Curling Club will open its doors for another curling season Saturday, October 6 with the mixed league starting at 7 p.m. followed by a social with light entertainment being provided. The club will operate this season with Brent Hodgins as Men's president; Ray Kraemer - ice-maker and Art McCormack looking

after the management of things. Audrey Peterson is the Ladies president with Cindy Oakes holding the same position for the girls' association.

This season will see a full rink almost every night of the week with 48 men's, 48 mixed, 48 ladies, 48 school, 12 teachers, and six rinks from Welcomes Wagon Newcomers taking part. It's quite evident we need another curling rink as soon as possible.

Well known curlers Hec Gervais, Marilyn Reed and Roger Comas will again play out of St. Albert with their rinks which all won either Provincial or Cana-

dian championships last season.

All leagues are full with the exception of the men's which has about eight rinks open on a first-come basis.

Fees are only \$66 for a 36 game season. The club operates along "Freely Giant Inn" on Fridays and Saturdays, a centre of activity during the winter in St. Albert.

For the benefit of newcomers, a mixed league is being formed for Sunday mornings at 10 a.m. with 10 rinks expected. All in all it appears to be an excellent season. Enquiries may be directed to Art McCormack at 459-7007.

Referees & Coaches Clinic

The Kinsmen Minor Hockey Association will again be conducting coaches and referee clinics to help out their hockey program. The coaches clinic will again be conducted by a St. Albert resident in Mr. Roger Bourbonnais who is well qualified for the position. Roger was a member of the Edmonton Oil Kings and Canada's National hockey team.

The clinic is scheduled to go October 5 and 6 with classroom work at Father Jan School and an on-ice session in the Arena Sunday afternoon. This is if weather permits the ice to hold up. The Referees Clinic will be under the direction of the north zone of the Alberta Amateur Hockey Association and will take place October 12 and 13. Watch the Gazette for more details next week.

If the weatherman co-operates and gives us a little cooler weather the St. Albert and District Arena will be opened October 3 for another full season of hockey, figure skating and power skating activities. At present the ice plant is having problems keeping ice in the excellent fall weather.

Hockey and pleasure skating must be fast approaching as the Town of St. Albert parks department are busy replacing the boards on some of the rinks to ready them for action. The above rink is the Sturgeon hockey and public rinks on Salisbury Avenue. Work is also being done on Mission, Braeside, Grandin and Gatewood rinks.

Carma Developers shut out Dairy Queen 26-0

St. Albert's Carma Developers football squad moved into second place in the Edmonton and District Bantam Football Association standings with a 26-0 win over the Dairy Queen Sunday morning at Kinsmen Park. Carma's record is now three wins and one loss, a 20-12 defeat to first place Canada Safeway who have won all four games. Carma have scored 145 points in their four games while allowing only the 20 to Safeway.

St. Albert have only three games remaining in regular league play and according to Coach Suggitt they will win them all and finish in sec-

ond place as he expects Safeway to win their remaining games also. St. Albert will tangle with Jenner Pontiac this Sunday at 10 a.m.

Last Sunday's game saw St. Albert take a 6-0 lead at the end of the first quarter and move ahead 12-0 at the half. They added eight more points in the third and finished off with six more in the final 15 minutes. Paul McCann scored two touchdowns, one a 10 yard run and the other a 50 yard pass and run play from quarterback Joe Tworek on a fake punt. Brian McCann scored on a short run around end while Rod Wiltshire ran up

the middle for 75 yards for the other major. Wiltshire also had a 90 yard run that went for a touchdown called back because of a St. Albert penalty.

Oilers vs Canucks

The Edmonton Oilers hockey club of the World Hockey Association and the Vancouver Canucks of the National Hockey League will make history October 6 when they will play an exhibition game at the Edmonton Gardens. This will be the first

time the two leagues have hooked up in an inter-league match and it should prove to be very entertaining. A total of 12 inter-league games have been set up and should help to pave the way for more N.H.L. teams to come this way next season.

Recreation Scene Causes Tears For Some

Some St. Albert youngsters went home in tears last Saturday afternoon as they failed in their "first come, first served" attempt to register with the Figure Skating Club.

One St. Albert resident Vic Harries who just recently moved to the town from Edmonton where he still commutes to work, said he has been in St. Albert two and a half years but for the last two has failed to get his girl registered in figure skating classes.

Forty-five youngsters had to be placed on a waiting list and many just had to turn back home hoping perhaps that by January 1st things might have sorted themselves out because some registered youngsters will have dropped out of the courses.

Queues for figure skating registration at one time Saturday afternoon stretched blocks away from the Clubhouse, and some parents brought chairs.

Registrar and treasurer Mrs. J. Malinowski of the St. Albert Figure Skating Club pointed out that it hurt to send so many away empty handed, but in a town with only one arena and growing so rapidly, the facilities were just not available.

Mayor Ray Gibbon of St. Albert said he shared the concern of St. Albert residents about the figure skating situation, and indeed with recreation as a whole, and said council had been having discussions for the past few months on just how to provide services for what must now be considered as a boom town.

Mayor Gibbon said "the very economics of the situation are you wait until it's economically feasible to put in a second facility and we have reached that point!"

He emphasized that the town was definitely going to make a start next spring on a recreation complex. Within the next two months he indicated that work would begin on a closed-in swimming pool connected to the Paul Kane school. In this way the town would not have to duplicate heating, cooling

and ventilation and so on down the line.

He said council had also held regular discussions with the town service clubs for use of facilities on a joint basis.

Mayor Gibbon pointed out that as far as figure skating was concerned some kids would feel that it was a blow now - as in September more want to register - though by January some might have dropped out, leaving room for others to come in.

He said the problem in St. Albert was of growth. "It's a matter that really people have overtaken the facilities."

He also said we can't stop this growth legislatively but we can have proper planned growth. He said he's asked many people how to stem the growth of the town (so that facilities could catch up) but no one could give him an answer. "If we stopped growth the tax impact would be such on everyone that they would be screaming to annex with Edmonton," he added.

Mr. B. Breadner, one of the candidates running for town councillor in the October election said the public would see that in a brochure he would have out next Wednesday his two main priorities would be transportation and recreation. He too was concerned with the frustrations of residents over recreation and also the worsening traffic snarl in the immediate area. Mr. Breadner said he felt the town had been starving itself by keeping the same mill rate.

"I don't think the majority of the incumbents are prepared to say we'll slow down while we get things in hand - they're not planning, they're just allowing it to grow," he said.

Mrs. Malinowski said that at present the St. Albert Figure Skating Club just could not accommodate all those with a potential for skating at the national level, in fact some girls of this calibre who had been registered with the club five years had been unlucky this time round and would have to register in the city with

private clubs: "this would cost the parents," she added.

After the disappointment at the Clubhouse Saturday following are the lists of those who were able to register and those who were placed on the waiting list. One hundred and forty-five were lucky enough to enrol, 30 in the advanced skating group, 75 in the national and 36 as pre-beginners. Forty-five were put on the waiting list; 26 in the national program, eight in the pre-beginners, five in the group dance program and 13 in the ice-only program.

Mrs. Malinowski said she was having a meeting at her home during the week (Wednesday) to try and pick 10 off the waiting list and work them into some other program.

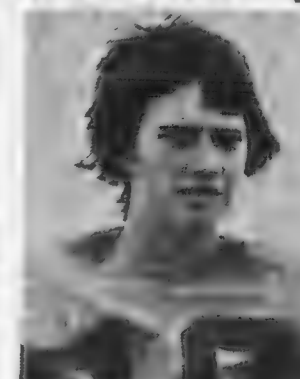

Mr. Harries said at one time he was against annexation with Edmonton, "but my friends (in the city) they have everything and maybe we should have annexed with Edmonton." He said he'd informed council last year of the problem with figure skating registration "and it's still the same 12 months later."

President Marg Joyal and executive member Evelyn Beeby of the Figure Skating Club said they really appreciate the excellent co-operation of the recreation department and arena manager in arranging as much ice time as possible at a reasonable rate. They are hopeful of getting some of the skaters who have come through the local program to the senior level, worked in. The executive members will be putting their heads together, and meeting further with the recreation department when hockey schedules are drawn, to see what can be done to get a few extra hours for figure skating. With weekends taken up and the joint-use program with schools using the off hours time to capacity, it is a difficult situation, but we will do the very best we can for this year, said Mrs. Beeby. She does not, however hold out much hope for more placings in January, based on the club's experience over the past three years.

St. Albert REC. NEWS

ARTS & CRAFTS:

A few openings remain in the arts and crafts classes for pre-schoolers for the three year olds at Grandin Clubhouse and for the combined class of 3's, 4's and 5's at Mission Clubhouse.

It is also still possible to register for the Creative Dance classes which cater for children from 4-9 years and also for the children's art class (11 years and over). Registrations are still being accepted for the Loom Weaving course held in the Mission Clubhouse.

More detailed descriptions of the classes, days, times, etc., can be picked up at the Town Hall or at the Library. To register and for further information, phone Lois Folkins at 459-7344.

FIGURE SKATING:

The response to the figure skating registration held last Saturday was overwhelming. In fairness to all, a first come, first served policy

was in effect and unfortunately many were disappointed.

However, members of the executive of the figure skating club are making every effort to accommodate as many on the waiting list as possible. Those who can be accommodated will be notified by phone or letter.

On Saturday, October 5, between 2 and 5 p.m., dressing room No. 4 at the arena will be the location for an exchange or sale of skates and/or dresses by members of the club.

HOCKEY:

There will be a FINAL registration for hockey on Saturday, Sept. 28 from 9 a.m. to 12 noon in St. George Simpson School, Grosvenor Boulevard. After that date no more registrations will be accepted ANYWHERE.

SWIMMING:

Parents of children - or the children themselves - who took Red Cross swimming lessons at the pool and

who did not pick up their progress cards and/or badges are asked to call at the office of the recreation department in the Town Hall as soon as possible. There are too many of them to list but they would be helpful when registering for lessons elsewhere or in St. Albert next year.

Mike Szim awards cards and badges have arrived at the offices and these, too, are waiting to be picked up. WASKAHEGAN TRAIL:

St. Albert is included in the route of the Waskahagan Trail which was initiated in 1967 by the Edmonton Oil Kwanis Club.

Some local residents have already made enquiries about the trail. They - and others - are asked to phone the recreation department at 459-6601 and leave name and phone numbers. If there is sufficient interest a meeting will be called with a view to St. Albert taking a more active part in this project and perhaps forming a local chapter.

Russia-Canada Series

With the playing of the first four games of the Canada-Russia series, hockey fans couldn't ask for any better hockey action than has been displayed by both clubs. Each team has one win and two ties, scored an equal amount of goals (17).

Most people's comments indicate the series as being every bit as good as the 1972 matches. Team Canada appeared to have the upper hand in the games in Quebec and Toronto but since moving west the momentum has switched to the Soviets. The 8-5 win for Russia in Winnipeg could have been the result of the Canadian player change, but then again Coach Billy Harris promised all players the chance to participate.

The game in Vancouver for all intents and purposes should have been an easy win for the Canadians who held a 5-2 lead after the opening 20 minutes. For some reason or other Team Canada stopped hitting and went on the offensive a good deal of the final two periods and were lucky to come away with a 5-5 tie. If we are to win in

Russia we will have to play offensive minded the full 60 minutes of each game.

Team Canada will play two exhibition games in Helsinki, Finland and Gottenborg,

Sweden before they resume their series with the Russians starting Tuesday, October 1. The final three games will be Thursday, Saturday and Sunday.

Badminton Club Begins Membership Drive

The recently formed Sturgeon Valley Badminton Association begins play at Vital Grandin School on Tuesday, October 1 at 8 p.m.

Registration of all club members will begin on the first night of play and continue on each badminton night until the membership limit of 45 adults and 10 high school students has been reached. All badminton players interested in joining a new club and playing recreational badminton are urged to attend Tuesday night.

Badminton nights will be

Tuesday and Friday evenings from 8 - 10:45 p.m. and Saturday afternoons from 2-4:30 p.m.

Interested members must supply their own racquets and running shoes but the birds are supplied by the club from membership fees (which are \$7.50 per adult for the season and \$5 per high school student).

For further information on the club, phone President Bob Stohart at 458-2440 or Secretary Sally Hudson at 459-4868.

St. Albert Tennis Club

St. Albert Tennis Club members enjoyed the fine weekend weather to take part in the second annual "Family Tournament." In this competition family members must play together and all participants played a minimum of three matches. Anne and Dave Kirk won one session with Cynthia and Bob

Sage winning the other. In the playoffs to determine the winner the Kirks defeated the Sages 9-3.

The wind-up social function will be held at Ridgewood Terrace Clubhouse on Friday, September 27, and members wishing more information should call Cynthia Sage at 459-7624.

How much time does an accident take?

Charley has an accident. The ambulance is called. The boss stops what he's doing. Bill stops what he's doing. So does Pete and Sam and Ernie. Charley is taken to the hospital. He could be off for a month.

Dave discusses the accident with Phil while machinery sits idle. Roy turns off an engine so he can hear what Don is saying about Charley's accident.

Al and Wayne and George get into quite a lengthy discussion about Charley's accident - and Gil arrives in a truck and wants to be filled in on all the details.

Accidents take time, lots of time. Better to spend a little time to see that accidents don't happen - than a lot of time after they do.

ACCEPTED ON A FIRST COME BASIS

N.R. - THIS IS NOT A LEARN-TO-SKATE PROGRAM.

Team Canada members Bobby Hull, John McKenzie and Gordie Howe clown it up, while Eaton tailor John Yashuk of Edmonton tries to double check the final touches of the Team Canada '74 official outfits.

Cross country meet

The St. Albert elementary school cross country meet will be held Thursday, Sept. 26 at the Sir George Simpson School starting at 1 p.m. sharp. There will be 10 participants from Leo Nickerson, Vital Grandin, Sir Alexander Mackenzie, Albert

Lacombe, Sir George Simpson and Robert Rundle competing in three age categories and three distances. The nine year olds will run in the 1/2 mile, 10 year olds compete at the 3/4 mile and 11 year olds will run a mile race. Ribbons will be pre-

sented to the top 10 finishers and the winning school will receive the Park Lighting and Electrical Supplies trophy. Mr. Danny Bouwmeester of Vital Grandin School is the co-ordinator. Results will be published in next week's Gazette.

PARENTS WANTED FOR FAMILY HOME PROGRAM

Married couples are needed to train for a family home program here in Edmonton. The couples will become houseparents for five - to - 16 year old children who have been labelled as "retarded" since birth.

By making a place for these children in your home, letting them become a part of your family, you can give them the opportunity they need to grow and develop to a more normal way of life.

Couples interested in becoming houseparents will receive evening training at the Centre for the Study of Mental Retardation as well as additional training in their own homes.

Family support payments will be made. Houses can be provided to interested couples where needed.

If you think you can help and would like more information please call 433-0477.

Calahoo turns out in force for joint celebration honouring their own

The Calahoo arena hall was overflowing last Saturday night as community and sports minded people turned out to honour the Calahoo Sports Association men's and ladies fastball teams, Dale and Carl Schafers for their horseshoe throwing abilities and to give Pearl and Peeewe Quintal a going away party. Master of ceremonies Larry Mitchell was kept very busy with introductions of all the above and it turned out to be quite an evening.

Mr. Mitchell started off the night with the two Schafer boys who have brought much prestige to Calahoo in the past two years with their excellent record of horseshoe throwing. Fourteen year old Dale is the Canadian Junior Champ, as well as the Alberta Open title holder, while 12 year old Carl is the Alberta Junior Champion. Because of their determination and age they no doubt will continue to be champions for a few years to come. Calahoo Sports Association president Emile Berube, presented Dale with a cheque from the club to help offset travelling costs while Larry Mitchell presented a plaque and picture on behalf of the club.

Next on the agenda was the men's team which had a fairly good season in league play and also won a few dollars in tournament action. Larry had something to say about each player on their season's performance which brought many chuckles from the players and fans. Pitcher Artie Stevenson and third baseman Emile Berube were the co-winners of the Phil Turner Memorial Trophy as the team's most valuable players, and were presented the trophy from Larry Mitchell who had won it the first two years. This award is voted on by the players and means a lot to the winners.

The ladies team were introduced by their coach Sneaky Berube and he gave congratulations to the ladies on an excellent year, both in league play and tournament action.

Two of the most community and sports minded people in the Calahoo area were next introduced, and when Pearl and Peeewe Quintal walked across the floor it sounded like the roof was coming off. These two people have given generously to the community in many ways and their efforts were greatly appreciated by their many friends. The Quintals moved to southern B.C., (Osoyoos) this summer to operate a trailer park. They were presented a plaque giving them a lifetime membership in the Calahoo Sports Association and a lovely basket of pressed flowers for their new home. Both of them were deeply moved by the community's feelings towards them as they thanked their many friends.

Once again the Sports Club members put on an excellent meal and everyone commented on it. A dance followed and ended off a perfect night.

The Calahoo Sports Association honoured Pearl and Peeewe Quintal Saturday night with a plaque for a lifetime membership in the association for their outstanding community work. The Quintals moved earlier this year to B.C.

Co-winners of the Phil Turner Memorial Trophy for the Calahoo Chiefs' most valuable player award went to Emile Berube (left) and Artie Stevenson.

Calahoo Sports Association President Emile Berube (right) presented Dale Schafers of Calahoo with a cheque for his winning the Canadian Junior Horseshoe throwing championship and the Alberta Open.

Legal News

By Lucienne Montpetit

Mr. and Mrs. Lucien Bergevin returned from Ottawa last Sunday after spending several weeks with their son Emile, Lucille and family.

Mrs. Mary Campbell from Kamloops, B.C., spent the weekend in Legal with her mother Mrs. Boile, brother Camille and visited with her sister Mrs. Paul Champagne.

The Club 60 Roses will hold a bake sale at the Co-op on September 28 from 9 a.m. to 4 p.m. Donations will be greatly appreciated. The proceeds are for the Club 60 Roses. Be generous and bring some baking to help our Senior Citizens.

Get well wishes are extended to Mrs. Marie T. Larose, Mr. Wilfred Demers, Mr. Emery L'Heureux, Leo Maurier who are all patients at the hospital.

The Playschool classes

will begin on October 1 at the Rec. Centre at 9 a.m.

Jack and Anne Sheridan are happy to announce the arrival of their son Martin, born on September 18 at the Royal Alexandra Hospital weighing 3 lbs. 10 ozs. Congratulations to the proud parents.

The Graduation for 1974 will be held on October 12 in the Legal School Gymnasium. Mass will be celebrated at 4 p.m., in St. Emile's Church followed by the banquet at the Community Hall at 5 p.m. The exercises will be held at 7 p.m. and the dance at 9:30 featuring "The Twilites" at 9:30 p.m. in the gym.

Tickets for the banquet are available from following business places, Co-op, Dan Montpetit, Louise's Corner Cafe, Confectionery or call Cathy Montpetit 598-3666.

Mark your calendar and plan to attend the Graduation.

HORSE HILL

By Peggy Wenzel

Mr. and Mrs. Tom Mollincaux wish to announce their marriage on September 14 at Patricia United Church, then the Rev. H. Black conducted the wedding service, before a family gathering. The groom is a long time resident of Horse Hills community, and the bride is the former Mary Johnson and mother of Gavin Johnson and Mrs. Neil Duggan.

Mr. and Mrs. Mollincaux are holding an Open House at the Mollincaux family home on Sunday, September 29, from 2 to 10 p.m. They extend a cordial invitation to

people of the district to join them on this occasion.

A girls group called Shining Lights is being organized following a meeting at the home of Ruth Danard. They will meet Monday afternoons right after school until 5 p.m. Any girls between the ages of 10 and 13 are welcome to join, and the program is similar to that offered by Explorers. Further information may be had by telephoning 799-3733.

Mr. and Mrs. Jack Wagner celebrated their 25th Wedding Anniversary on Saturday, Sept. 14 with a dinner and dance at the Horse Hill Community Centre with family and friends in attendance. Two of their daughters, Susan and Connie came home from Victoria for the occasion and daughters Jackie, Sandy and Sherry were also present. Parents of both Mr. and Mrs. Wagner were also able to attend the happy celebration, which was arranged by the Wagner children. The Wagners wish to thank the women of Patricia United Church for a lovely meal and the people who came and made the day such a memorable one. It was greatly appreciated.

Morinville Legion plans fall activities

By John Bulger

After a long summer in which there was no Legion activities taking place during the summer months with the exception of our participation in the "Tug-of-War" event held during Frontier Daze. As most of you know, the Legion Champs went down in defeat after two rigorous matches, however, the members inform that they will come back to glorious victory at a future date or event.

Our regular monthly general meeting was held at the Legion Hall on Sept. 5, our next regular monthly general meeting will be held in Legion Hall on October 3 at 8 p.m. All members are urgently requested to attend this and all future meetings. Remember that our Branch #176 is only as good as you make it, so come out and support our Branch. This can be done in many different ways, an example of this could be helping out at one of our Legion Socials or lending

a hand in raising funds for proposed future renovations of which the Legion Hall is badly in need of. Incidentally, speaking of renovations, and if you have the time, take a ride right past the hall and see the outside renovations just recently completed. A special thanks to the following Comrades who so willingly gave of their time and equipment on Sept. 14 weekend to complete the roof and the extension of eaves, and the entrance canopy "No more dripping rain as you wait to get through the door." Members who donated their time and material were -- Comrades F. Truman and son, R. Lambert, P. Ellis and son, L. Flannigan, J. McClary, G. Boddez, E. Weisgerber, K. Gowler, C. Dubord, F. Volmer, N. Meunier, D. Walfeldt, H. Lamb, J. Krauskopf, E. Morin, A. Davies and L. Pautanier. A special thanks from the committee for a job well done. We hope that on future renovations that we can rely on the same kind of support from all members.

As the fall season is now upon us, you can look forward to some social activities, with the first one being scheduled for Sept. 28 at 8:30 p.m. in the Legion premises, come out and relax to an evening of dancing, etc., and bring a friend, in fact bring two, three, four, the more the merrier. Look for further details regarding events to be held on October 12 and 26. Plans are now underway for Grey Cup Day activities to be held on Nov. 24, this should prove to be quite successful, watch for more on this; On Nov. 9 the Branch will hold its annual Remembrance Day banquet and dance and will observe Remembrance Day services on Nov. 11 in the morning which this year falls on a Monday. Incidentally, the Branch is looking for volunteers to help out with our Poppy Campaign.

After Nov. 11, it will be time to start organizing for elections of a new committee and also to plan for our "New Year's Ball."

It was learned just recently that Comrade Bert Craig was in hospital, get well soon Bert.

Should any member know of a person who is eligible to become a Legion member, feel free to inform a committee member, better than that bring he or she to a Legion Social to meet some of our members and get acquainted. We are open to receive new people with new ideas, see you at the Legion. Soon we hope.

Last but not least, it will soon be time for renewal of memberships, and speaking of memberships, a few members have not come forth with their dues for the year 1974, a remittance of your dues would be appreciated and would ensure your good standing in our Branch. Remember, the Legion needs you and someday, maybe, you

may need the Legion.

The Branch extends its sympathy to Mrs. White, whose husband passed away recently. Members of Branch #176 participated in Legion Graveside Services on the day of Comrade

White's funeral.

Hope to see most of you on Sept. 28, "Social Evening" and October 3, general regular monthly meeting. We shall endeavour to bring you more Legion news on a regular basis in the future.

Stan Walker heads West Sturgeon Agricultural Society

By Liz McLeod

It is now one year since the West Sturgeon Agricultural Society was formed and at the general meeting held in August some of the former executive decided not to continue. A general meeting was called and out of the 20 names submitted a new executive were voted in. At the next regular weekly meeting it was decided which position each one would hold:

President - Stanley Walker; 1st vice-pres. Edmo Berube; 2nd vice-pres. Marcel Kerckhof; secretary - Mrs. R. Lynn Finnigan; treasurer, Mrs. K. Brenda Coyes. Members on the Board are -- Earl Nault, Erwin Rothweiller, Joseph Schafers, Bernie Ross, Hector Quintal, Grant Moellman, Keith Mayor, Mrs. S. Pat Sobolewski, Mrs. Rita Letendre.

Letters of thanks were sent to all retiring members.

The Ag. Society is looking for caretakers for the arena in Calahoo and are planning to sell season tickets also.

There has been a special board set up consisting of four members of the Agricultural Society, two sports association members and one recreation society member to work closely together for the good of all.

October 26 should be a busy and rewarding day if everything goes as planned for the Farmer's Market and Auction Sale.

This gives every age an opportunity to get into the act, whether its in baking, handicrafts or canning to name a few.

Hope everyone is getting a ticket on the 4.5 acres of land raffle presently in progress.

Legal CWL Report

By Mary Kachurowski

The St. Emile's CWL of Legal held their first fall meeting at the Recreation Centre on September 17.

Spiritual convener, Mary Quaghebeur, read an interesting article entitled -- "Renewal of Organization Is From Within."

Due to the absence of Claire Yvonne Keane, Mrs. Jean Barry acted as secretary.

Mary Kachurowski read a report on a brief presented

recently to the Federal Government by the Catholic Women's League of Canada.

Mrs. Barry read an editorial from the Edmonton Journal on the Honorable Otto Lang criticizing Abortion on demand, and the CWL heartily stand behind him in their support.

President Madeline Cornelis thanked all the members who helped to make the float for the Fete Au Village.

She read a letter from Mona McGregor, president

of the CWL diocesan council, inviting all members to a meeting on October 6 at Athabasca.

Madeline also gave an interesting report on the Development and Peace meeting which she attended at Vimy on Sept. 12.

She also stated that the Legal graduation exercises will be held on Oct. 12. A motion was passed that the CWL continue to present awards to the students with the highest academic standing in Grades 10 and 11.

Father Bissonnette stated that he would like to see more women taking part in politics at the community level.

He also informed us that the theme for this year in the diocese of St. Paul is on Religious Vocations.

Our CWL would like to welcome all newcomers in our community, and invite anyone interested to join our wonderful organization. Our next meeting will be held on October 15.

Election scene busy in MD Sturgeon

There will be an election in four divisions of the Municipal District of Sturgeon No. 90, October 16.

In three others candidates who filed their nomination papers will be elected by acclamation.

In Division 1 incumbent Councillor Edgar Courchesne will not be seeking office, and three candidates will try for the vacant seat. They are: Hubert Lamoureux, Walter Pasiak and Jack Thorpe all residents within area one of the M.D.

In Division 2 incumbent Clay Crozier is running with Doreen Miller contesting. In Division 3 reeve of the MD Bill Flynn is seeking election with Larry Bostak contesting in that division.

In Division 4 the incumbent is Glenn Berry and contesting is Stan Walker.

In Division 5 Councillor Lawrence Kluge remains on the MD council by acclamation. This is also the case in Divisions 6 and 7 with incumbents Walter Van de Walle and Walter Jerram in by acclamation respectively.

Morinville

In the Town of Morinville the whole council and the Mayor have been elected by acclamation. Incumbents on

the council are Mayor Art Stapleton and Councillors Garnet Wiley and Harvey Atkinson. Newcomers are Ross Quinn, Jack McRae, Vince Curtiss, who has served on council previously, and Moe Butt.

Legal

Candidates for office in the Village of Legal have been elected by acclamation and the five councillors elect the Mayor themselves. Those who will be serving on council next session are Joe Nault, Arthur Morin, Roland Prefontaine, Gerald St. Jean and Marcel Dube who replaced Leon St. Martin who did not file on Nomination Day.

Bon Accord

Secretary-Treasurer of Bon Accord, Jean Chubb told the Gazette Friday there is record interest here in the October elections with 10 candidates filing nominations for five seats on council. Previously there had only been two councillors in Bon Accord. This was later increased to three and more recently the village passed a bylaw which increased council to five members.

She said that the Board of Trade were promoting a meeting for the candidates September 25 in the Com-

munity Hall where they will be given the opportunity to tell the people why they are seeking office.

At the close of nominations September 18 nominations had been received for the following candidates:- William H. Deelman, incumbent (Mayor), John L. West, incumbent councillor; Kenneth P. Fearnley, carpenter and student; accountant Charles Hill, Archie J. Jenkins, former school trustee in the Sturgeon School Division, auto mechanic Robert R. Lane, Nigel F. Mansfield, telecommunications technician, store manageress Helen McKean, Terry L. Murphy, auditor and Keith Whittson, postmaster and general merchant. There were no withdrawals of nominations by 12 noon deadline September 19.

Gibbons

Eight candidates are in the running for five places on the Village of Gibbons Council. New candidates are: Donald R. Brown, Ernest H. Crockett, Charles Slater and Mrs. Hannelore Van Noord. Running again for council are incumbents Mayor D. F. Loblick, John S. Holmes, Wilfred Oliver and Ronald Smith. A spokesman for the Village of Gibbons said the Mayor would be elected by council.

Thibault

October 16 there will be an election in the Morinville Recreation Centre for Thibault School Board No. 35 candidates. Four newcomers have filed nominations for positions on the Board; they are: Lucien Haul, Marcel Labonte, George Bulger and Jeet Khullar.

Incumbent members of the Board are: Ann Kryskow, Alice Wojtkiw, Yvonne Leduc and Gyl St. Germain. Results of this election are expected October 18.

Division 24

There will only be one election here in subdivision #2 - there are four subdivisions in the school board - trustees for divisions 1, 3 and 4 have been elected by acclamation.

Incumbent Reg Austin of Gibbons will be running again with Mrs. Olga Bilecki of Bon Accord contesting the seat. Those trustees elected by acclamation are: John McDonnell, Harold Paul and

Four polls will be held on election day at the Bon Accord School, Gibbons, the Federah Community Hall and the Coronado Community Hall.

Legal

School Division

Five places are up for grabs on the Legal School

Division with five members seeking re-election and one new candidate in the running. Following are the names of those who filed nominations September 18, Chairman of the Board, Harvey St. Onge, Roger Prefontaine, vice chairman; directors Mrs. Doreen Brisson, Allen Keane and William Krausnick. The new candidate who filed papers is Paul Leduc.

NOTICE OF POLL

School Elections

SCHOOL ELECTIONS 1974

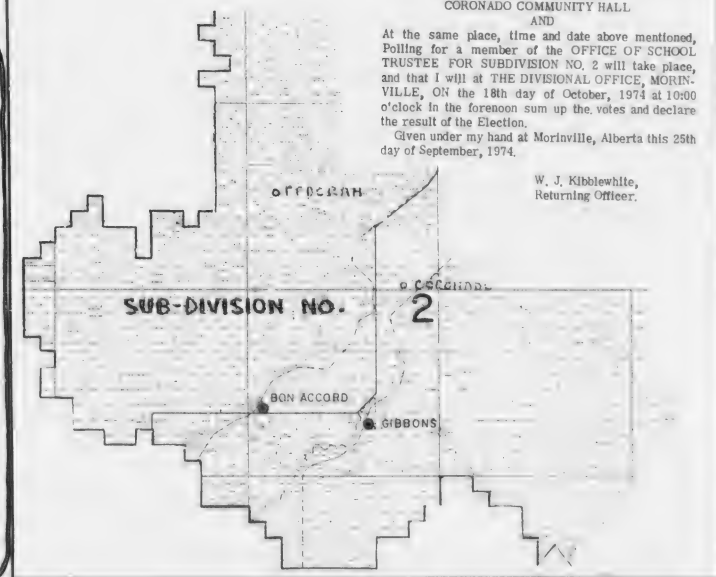

PUBLIC NOTICE is hereby given that Polling will take place for the Election of SCHOOL TRUSTEE - SUBDIVISION NO. 2 STURGEON SCHOOL DIVISION NO. 24 on Wednesday, the 16th day of October, 1974 from 10 o'clock in the forenoon until 8 o'clock in the afternoon at the following places:

BON ACCORD SCHOOL GIBBONS SCHOOL
FEDORAH COMMUNITY HALL
CORONADO COMMUNITY HALL
AND

At the same place, time and date above mentioned, Polling for a member of the OFFICE OF SCHOOL TRUSTEE FOR SUBDIVISION NO. 2 will take place, and that I will at the DIVISIONAL OFFICE, MORINVILLE, ON the 18th day of October, 1974 at 10:00 o'clock in the forenoon sum up the votes and declare the result of the Election.

Given under my hand at Morinville, Alberta this 25th day of September, 1974.

W. J. Kibblewhite,
Returning Officer.

MORINVILLE MEMOS

By Marilyn Pelletier
Blood Donor Clinic - Wednesday, October 9 from 7 to 9 p.m. at the Recreation Centre. Blood is urgently needed, so citizens please make an attempt to go and give the Gift of Life.

Recent guests of Mr. and Mrs. Augustin Bille were Mr. and Mrs. Dennis Sheldrick from Prince George, B.C.

Mr. and Mrs. Henry Canuellette from Kelowna, B.C., are here visiting their daughter and family Mr. and Mrs. A. Ouellette.

Mr. and Mrs. Miltie Hittiger recently motored to Nelson, B.C., to attend the wedding of their granddaughter.

Richard and Valerie Loeh-

de are pleased to announce the birth of their daughter Deborah Ann, weight 6 lbs. 9 ozs. at the Misericordia Hospital on Sept. 14, 1974. A sister for Theresa Marie.

Last week Dorothy Daignault and Alice motored to Falher to visit Robert and family. Dorothy visited the new Senior Citizens home which is large and very up to date.

We are sorry to hear that Mr. Albert Dupuis is a patient in the St. Albert Hospital. Get well quick Albert.

Mr. and Mrs. Delvin Dancoy were in Bonnyville for the weekend to attend the graduation of Delvin's sister Bonnie.

Mrs. Catherine Steffes has

been in the St. Albert Hospital for several weeks now. She is expected to be home any day now.

Mrs. Susan Unrau from Hanley, Sask., and her daughter Linda de Regt and family from Edmonton were the guests of Mrs. Carol Unrau and family.

Mrs. George Fingler and sons spent a week in Saskatchewan, Sask., visiting relatives.

Mrs. Joe Gooner has a problem. She has six little kittens that need a home. They are half Siamese, very cute little guys.

Mr. and Mrs. Tony Byers attended the wedding on Saturday of Fern Caron and Rhea Sebastinelli.

Mr. and Mrs. Walt Fingler from Coquillam, B.C., were recent guests of Mr. and Mrs. George Fingler and family.

Any news items or coming events or classified ads contact Marilyn 256-3741.

On Friday, Sept. 13, 1974 Initiation Day was held at Georges P. Vanier High School. This was held for Grade 10 students. They dressed up as different characters and had to learn a prayer.

On that day the seniors and sophomores were allowed to do anything (almost) to our new freshmen. Things like eggs in the hair, lipstick over the face, push pennies on noses or peanuts down the hall with your nose.

Kangaroo Court was great

with Gerry Getz Judge, Collette Gibeau, Ruby Klutler, Lorraine Ripel and Debbie Vranas were his assistants. Ray Short was the court clerk.

They called up each fresh student in turn and punished them in a humorous way. The dance held that evening was a great success. Po-

wer slide provided the entertainment. The Ilec. Centre was packed. The Senior Students Union cleared \$400.00.

Fresh Day was meant to welcome the freshmen and a chance for them to prove they can act as mature students in high school.

M. Carlson.

Morinville Library News

By J. R. Clark
Interested in winemaking? We have recipes for home-made Wine, Meat and Beer, by B. C. A. Turner. "Making Sparkling Wines," by Cyril Lucas. "Fruit Wines" by Turner and "Almost Instant Winemaking" by T. Edwin Bell. Interested in making "Jams, Pickles and Preserves" we have "The Art of Mme. Jehane Benoit" on the subject. Interested in Chess? Then we have "Bobby Fischer on Chess". If there are any interested young teen-agers there is just the book for making a soap-box car, called "The Buggy Porson" which has detailed instructions, diagrams etc. Turning to fiction James Aldridge has written a story for teen-agers called "A Sporting Proposition" about who really owns a pony, a poor boy or a spoiled rich girl, the whole town becomes involved in the dis-

pute. Adult fiction now R. F. Belderrfields "Give us This Day" the third book in his trilogy of the Swann family. We have the first and second book in the series and they have been very popular. Pierre Boule's "Desperate Gamus" story of a group of scientists who take over world government and curtail the present ills, but create others in their place. Other books by this author include "Bridge over the River Kwai" and "Plumed of the Apes." Canadian author Anne Herbert's book "Karamazov" has its film version currently showing in Edmonton. Another Canadian Colin McCulloch a journalist in the Toronto Globe and Mail has written "Stranger in China" an account of his tour of duty, with his family as foreign correspondents. There are many more books to tell you about later, but it would be quicker to come and see for yourself.

Morinville Seniors had great summer

By Dorothy Daignault
The Senior Citizens of Morinville had a very enjoyable summer 1974.

In June 35 Senior Citizens went on a "See Canada" tour with Mr. and Mrs. Laurent Coulombe as our guides. This was the highlight of the year.

On June 26 the Regional Recreation Board served us and our guests the Senior Citizens of the Sunshine Club from Lethbridge, delicious supper. During the evening Mr. Don Axford led us in a sing song.

Then July 25 we welcomed 25 Senior Citizens from St. Albert, Ontario, into our homes. One day we took them to the Game Farm,

and toured Edmonton. The next day they visited the Hutterites at Alameda. Mr. and Mrs. August Kluthe had invited them to their home and they were served a most delightful lunch out of doors on the lawn.

That night they were guests at the supper which the Recreation Board had organized for all the District of Sturgeon.

The Senior Citizens of the Rendezvous served the members from St. Albert, Ontario, a farewell buffet style supper in our hall on Sunday the eve of their departure. They continued their tour on to Jasper, Banff and Calgary.

We enjoyed one outing a

picnic at Kill Deer Beach Lac La Poudre.

A second wonderful tour was announced by Marjoline Chamberland who was our tour guide. This was a visit to the tar sands at Fort McMurray. This was something to see during the summer our Rendezvous Club had been painted and a lawn shown. Many thanks to the Town Council. Two of our members made a screen

door and screens for the windows. We bought our stove, fridge, electric broom, coffee urn, six new card tables, coffee mugs and a runner for the hallway.

We are planning a visit to the museum at Lake St. Anne.

Soon another quilt will be ready to be raffled later. We are being given Yoga lessons every Tuesday for those who wish to join.

Calahoo pioneer laid to rest

By Liz McLeod

One of Calahoo's pioneer farmers, Mr. Hector Boddez passed away suddenly in General Hospital, Edmonton, from a heart seizure on September 3 at 11 p.m. He was 77 years old.

Hector was born on March 6th, 1897, in Teicheng, Belgium and came to Canada in 1910, arriving in this district in 1928.

He leaves his loving wife Laura; two sons and three daughters; Remi and family of Spruce Grove, Eugene and family, Calahoo, Mrs. Leonard (Norma) Williams, Enkhstille; Mrs. Richard (Irene) Bird, Edmonton and Mrs. Ron (Norah) Hough, Whitecourt; plus 12 grandchildren. Also two brothers and three sisters, Firmin, Morinville; Andre, Riviere, Quil Barre; Mrs. Cyril Borle, Mrs. George Soetaert and Mrs. Victor Soetaert, all of St. Albert.

He retired in 1968 but remained on the home place until his passing.

Prayers were held on Tuesday night at 8 p.m. at St. Catherine's Church Calahoo with a capacity gathering attending.

Requiem mass of Resurrection was celebrated on Wednesday morning at 10 a.m. on Sept. 11 in St. Peter's Church, Villeneuve with Rev. Fr. Michel Snythe officiating.

Honorary pallbearers were: Gerald Soetaert, Emilie Soetaert and June Borle. Active pallbearers were all nephews: Gilbert Boddez, Melvin Boddez, Art Perrott, George Soetaert, Victor Boddez and Donald Boddez.

Interment was in the Church Cemetery. Connelly and McKinley Funeral Directors were in charge of arrangements.

The sympathy of the district is extended to Laura and all the families touched by this loss of a very fine gentleman, neighbor and friend.

Report from Bon Accord

By Sadie Allen

A record number of candidates have thrown their names into the ring for the Bon Accord village council. Running for council are incumbents Bill Deelman and John West being joined by Reba Jenkins, Helen Mcenzie, Tom Hill, Ken Fearley, Nigel Mansfield, Terry Murphy, Robert Lane and a lone representative of the businessmen, Keith Whitson.

The first class for the Bon Accord Art Club is scheduled for October 3 at 7:15 p.m. The instructor is Gisela Folsburg and the course is Painting 1. Anyone interested in joining the class or wishing further information can contact 298-2486 or 298-3621.

Bon Accord United Church Women and church members

wish to express their sympathy to Mr. and Mrs. Don Grant and family for the loss of their dear mother, Mrs. Jean Grant was a loved and cherished member of the UGW for years and will be sorely missed. Any friends who wish to give to the Bon Accord memorial building fund in memoriam of Mrs. Grant may turn in donations to Logan Carleton.

The local TOPS (Take Off Pounds Sensibly) club, rather than "Eating their Hearts out" as suggested to Bon Accord and district residents by our eminent resident and representative of the government, Mr. Larry Keown, are shunning the above-mentioned delicacy as being too high in calories. The club is thriving and weekly meetings held in the United Church on Tuesdays at 8:15 p.m. are showing a

regular increase in membership. Everyone is welcome to join.

Congratulations to Ron and Sandy Herd on the birth of a son, Ronald Norman, 7 lbs. 4 oz. on September 7.

Now is the time to join your Board of Trade. Fees for the rest of the year are only \$2.60.

Registration for the 4H Food Club will be held at the home of club leader Edith Kowalski on October 1st at 7:30 p.m. Children must be accompanied by a parent. Ten and up are eligible to join.

A warm welcome is extended to Mr. and Mrs. John Watson from Ashington, Northumberland, England, visiting in the village with daughter and son-in-law,

Linda and Jim Ross

Bingos at the Bon Accord Community Centre are taking on a new twist when they resume on Sept. 29 at 7:30. The jackpot will start out at \$150, and 50 numbers, going down by \$10 and up by one number until won, with the jackpot going no lower than \$100. New up to date bingo equipment has been purchased. If company insists on visiting on Sunday, bring them along. The games are over by 9:30. See you Sunday.

The Bon Accord Senior Citizens Club have held two meetings prior to the election of officers. Due to good weather when a number of prospective members could not attend, it was decided that election of officers would be tabled until a later date. Look for a meeting to be called when weather is

not suitable for harvesting. Contact will be made by phone. If by any chance you are 60 or over and have not been contacted, it is probably because you don't look your age. If interested, please phone 298-3681 or 298-3541. Mr. Laurent Comolone from the Regional Recreation Board was present at the last meeting to give us information regarding grants, advantages offered to seniors and a run down on activities enjoyed by the established clubs during the past season.

Training schedule for #524 Cadet Squad for October 1 - 7:30 p.m., drill for full squadron, 20 minutes followed by General Knowledge, Drill

and Eagles for Juniors and Administration and Scholarship Breakdown for Seniors Tuesday, Oct. 9 is parents' night with a meeting of the civilian committee also scheduled for that night

September 30 is the last day for purchasing your advance ticket for the Bon Accord Lions' Bloop on Oct. 2nd. Proceeds are for the Emergency Brigade Ambulance.

A Playschool meeting will be held on Sept. 30 at 7 p.m. in the Bon Accord Community Centre clubroom. All interested mothers of four year olds by February, 1975 please attend.

Council meetings attract residents in Bon Accord

Bon Accord Village Council met Monday, September 16 for their regular monthly meeting. A special meeting was also held on Wednesday, September 18 when further discussions took place with the engineers on the proposed new Municipal Office.

Once again the regular monthly meeting was well attended by residents; some as observers others formed part of a delegation.

CORRESPONDENCE - BOARD OF TRADE

A letter from the local Board of Trade giving suggestions for Community improvement was read with interest. One of the points raised was the provision of litter baskets at various points throughout the village. Council is looking into types and cost of containers. Council's help was also requested in asking residents to obtain house numbers. It was agreed that numbers on residences would be a great help in an emergency, also to tradespeople delivery men and visitors. Council would be pleased to see a good response to this suggestion.

The Board also requested permission to erect two 4R x 8 ft. maps within the village showing the various facilities, residential areas, population etc. Council were very receptive to this idea. The Board of Trade is to be commended for its active interest in village affairs.

INTERVIEWS
Mr. S. Walk, public participation specialist with the Edmonton Regional Planning Commission gave highlights from the Edmonton Regional Growth Studies outline. A report will be completed in January from replies to questionnaires now being circulated in the area. A public meeting will follow in the Spring of '75 when the issues raised will be debated and priorities established.

Mr. Don DeGruens, Planner, spoke briefly on the Zoning Bylaw. Third reading was delayed at the request

of council and a meeting was set for Monday, Sept. 23 when it will be expected the Bylaw will be finally passed.

Mr. G. Frieser of Mario Himes and Mr. John Bassett-Smith met with Council to discuss completion of the Roseglen subdivision. Local improvements are now nearing completion and it is expected the certificate of acceptance will be authorized at the Sept. 23 meeting.

A delegation of residents from the duplexes in Roseglen met with council to request front driveways instead of rear access. Council are looking into the possibility and hope to have an answer for these new residents on the 23rd also.

PUBLIC WORKS

The maintenance foreman was asked to prepare a list of streets in Roseglen for cleaning. The old grader will be advertised again and disposed of to the party making the best offer.

DEVELOPMENT CONTROL

Council has not been too successful in their efforts to encourage certain residents to clean up unsightly premises. It was suggested that a list of the properties in question be made for presentation to the new council.

ALLEN LAND

"Springbrook" was the name chosen by council for the new development west of the tracks.

ELECTION

Enumeration for the general election will be started soon. Ten candidates have been nominated for the five seats on council. More details on these candidates will appear elsewhere in this issue.

OFFICE CLOSURE

The village office will be closed on Friday, September 27 when the staff will attend a course on the new Municipal Financial Information System.

M.P. Report to Pembina

By Peter Elzinga

I have had the honour of being your Member for just over two months; it has been both challenging and rewarding. During the past months we have had a considerable amount of correspondence with constituents and have done some research work on Federal programs. The

correspondence has ranged from requests for us to send telegrams over the transatlantic on the west coast to Federal Aid Programs in various sectors of our society, and processing problems concerning pensions, immigration insurance and immigration.

We had a P.C. caucus

meeting in Ottawa at that time. Our first caucus meeting was on Wednesday, August 14; also on the 14th of August I had the opportunity of being on CTV's program "Canada AM." The week of September 16th I travelled through the constituency.

Please feel free to call on your Member if you desire - Peter Elzinga, M.P., Pembina, Room 574, Confederation Building, House of Commons, OTTAWA, ONT. K1A 0X2 or telephone: 613-992-2349 or Sherwood Park 649-2661. No postage is required when you write to Ottawa.

Newsletters and questionnaires are being sent out in the general mailing. There are also going to be area meetings for the constituency, and they will be advertised in the local papers. I look forward to your views. Now in my third month I have already in my reading

and discussion learned a good deal about the Parliamentary scene. There is a great amount more to be learned. There are issues of great importance to be dealt with and I hope that the welfare of ALL Canadians will be utmost in the minds of all our Members of Parliament when Parliament reconvenes on Sept. 30.

Some of the issues that are to be dealt with, are ever increasing inflationary trend labour disputes, and the prices of agriculture commodities to both our farmer and the consumer.

This newspaper has been kind enough to give me the opportunity of submitting an article periodically. I hope to use this space to keep you informed as to what is happening in Ottawa and in the constituency.

Our annual meeting is to take place quite soon, I hope you will attend.

Nam ao News

By Norma Crozier

Mr. and Mrs. Dick Hansen have been enjoying a visit from Dick's brother and his wife, Mr. and Mrs. Krane Hansen from Copenhagen, Denmark.

Mr. Maurice Lowe, son of Mr. and Mrs. Richard Lowe has returned home after spending a year with the militia in Laub, Germany.

Mr. Greg Gooding, son of Mr. and Mrs. Robert Stanton is back from six months tour of the Canary Islands, Morocco and Spain. With his two companions he also toured England and Scotland.

Miss Irene Crozier is back home after spending a months holiday in Ottawa and Eastern Canada. She stayed with Miss Wendy McBurney who is on a course in Ottawa.

Research findings on calf scours

Reissued from Wally Klatt's office.

Recent research has shown that calf scours is a complex syndrome which has many infectious causes and many contributing environmental factors.

The research was carried out in Alberta and Saskatchewan by personnel of the Western College of Veterinary Medicine in Saskatoon, during the last two years. In 1971 a large project, supported by funds from the Alberta Cattle Commission, the Saskatchewan Horned Cattle Trust Fund and the Alberta Research Trust, was organized within several departments of the Western College of Veterinary Medicine. Intensive studies were carried out on beef herds at the University of Saskatchewan and at the University of Alberta's ranch at Kinsella.

During the 1973 calving season a mobile laboratory visited 45 cow-calf operations in Saskatchewan and Alberta to collect samples and investigate calf scour outbreaks. In addition, a questionnaire was sent to 3,300 ranchers in Alberta to obtain information on the occurrence, distribution and economic costs of calf scours.

Following is a summary of some of the most significant findings to come out of

the two year's of research.

*Calf scours have the most severe effect on calves less than 30 days old, and about 60 per cent of cases occur in calves younger than 14 days of age. The chance of a calf dying are three and a half times greater in calves less than 14 days old than they are in calves 15 to 30 days old.

*Calves born to first calf heifers are twice as likely to scour as calves born to mature cows. A heifer's calf with scours is four times more likely to die than a calf with scours from a cow. There are several reasons for this situation.

a) Heifers are usually calved in a more confined area than cows with the result that there is a build-up of infection that rapidly spreads to each newborn calf.

b) Heifers have more difficult births than older cows with the result that they have more weak calves that are less likely to nurse. As a general rule, heifers do not stimulate their calves to nurse as well as mature cows.

c) Heifers often have less colostrum (first milk) than cows which means that their calves do not receive the same volume of protective antibodies as calves from mature cows.

*The colostrum from heifers is less likely to contain the same concentration of

antibodies as the colostrum from mature cows because the heifers have often not been exposed to the wide variety of infectious organisms that the cows have encountered.

The investigations also showed that:

*Scour problems tended to be more severe on ranches where calving started before March 1 than on those where calving started after this date. They also tended to be more severe on ranches where the calving season was longer than 90 days.

*Weather appeared to be an important factor in starting and perpetuating many scour outbreaks. Severe outbreaks often occur when the ground becomes wet and when calves cannot find a dry place to lie. Herd outbreaks often occur one to two days after a spring storm.

*The percentage of calves which had developed scours by 14 days of age increased as the number of square feet allowed per calving cow decreased.

*Eight per cent of scour outbreaks reached peak severity within 21 days of the first case having occurred. The length of time that elapsed from the first case to the peak of severity was shorter when the cows were crowded.

*The percentage of calves which scoured during the

first 14 days of life was significantly higher on Alberta ranches which have grey wooded, dark grey and dark grey wooded soil types. Ranches in these soil zones reported an average of 20 per cent scours before the calves were 14 days of age, while ranches with brown and black soil types averaged only a four to nine per cent incidence of scours. The number of calves that died from scours was one and a half to twice as high on ranches with the grey soil type as on ranches with other soil types. The incidence of scours was lowest on ranches in the brown soil zone, which is the area in the south-eastern corner of Alberta.

The reasons for these findings are still not clear, but they may be related to such things as the type of climate in the different soil zone areas or to deficiencies in some soil types of such elements as selenium. Grey soil types are generally considered to be deficient in selenium. Calves born to selenium deficient cows may suffer from overt white muscle disease, while less severe selenium deficiencies may not be recognized in the calves but still predispose them to ordinary diarrhoea or to a more severe form of diarrhoea.

Research carried out dur-

ing the last two years also indicates that at least two and, perhaps, three viruses are widespread causes of scours in young calves in Western Canada. This spring vaccine trials are being carried out in about 20 herds in Alberta and Saskatchewan against the Reo-like virus, and research workers at the Western College of Veterinary Medicine in Saskatoon have prepared a vaccine against the toxin producing E. coli bacteria. Trials are underway in 16 herds. In some cases the E. coli vaccine and the Reo-virus vaccine are being used in the same herds.

Most of the Alberta ranchers did not feel that 1973 was a bad year for scours. However, economic losses were still high. The total cost of calf scours estimated by 552 ranchers surveyed was \$26,149 or about \$772 per ranch. Based on the total number of calves born, the cost of scours was approximately \$6.25 for every live calf born. If the ranches sampled by the questionnaire represent a fair cross-section of the total cow-calf population in Alberta, it is estimated that calf scours cost producers approximately \$18,000,000 a year. This estimate is based on a total cow population of 3,000,000.

Beef stabilization

from Wally Klatt's office

(1) A new Beef Stabilization Program was introduced on August 12 for a one-year period.

A price support of \$45.42 was established for all cattle that grade A, B or C, and administered on a deficiency payment basis. The support price is based on the national average of Grade A1 and A2 cattle. Payments under the plan will go directly to individual cattlemen who file claims at the end of the year if a deficiency payment is declared.

Farmers are urged to retain cattle sales records.

(2) A global import quota is set for the year August 12, 1974 to August 11, 1975 of 82,835 head of live beef cattle imports and 125.8 million pounds of fresh and frozen beef and veal. This is equivalent to the preceding five year average of imports. Imports in any one quarter are not to exceed 30 per cent of the annual quota.

(3) Commencing August 12, 1974 the current beef premium of three cents per pound on Grade A, B and C cattle was phased out.

For the marketing week August 12 to 17, 1974 the premium dropped to two cents per pound. From August 19 to 24, 1974 was one cent per pound and after that there is no premium.

(4) An agreement has been reached on a certification program with the United States which meets Canadian requirements, to protect consumers from possible hazards of meat from animals treated with the growth stimulant diethylstilbestrol (DES).

Nitrate poison

By Wally Klatt
District Agriculturist

Livestock feed such as greenfeed, hay, silage etc. that was cut and processed after a hailstorm or damaging frost can be suspected to have accumulated some nitrate. This accumulation

can vary and if there is too much nitrate then the feed can be disastrous to livestock.

Feeds that are suspect should be analysed for the nitrate content prior to feeding. Boxes and forms are available from our extension office in Morinville.

Weeds of the Week- Quack grass infestation is serious

Also known as couch grass, twitch grass, scutch grass.

This is a very strongly competitive perennial grass which spreads by seeds and underground rhizomes. Almost 10 per cent of the cropland in Alberta is infested with this grass. It is a very serious competitor for nutrients in most crops with

the potential of reducing crop yields to almost nil, in severe infestations.

In field size infestations cultural control only is practical. Till thoroughly in the fall. In the spring repeat cultivation whenever top growth reaches two inches in height. In damp years use a disc or rotovator, in

dry years use a cultivator followed by a cable weeder or oscillating harrows to lay root stocks on the surface. Always till infested areas separately from uninfested areas.

For smaller patches a combination of chemicals and tillage may be used. TCA, dalapon, amitrole or

amitrol-T when applied as directed will provide a measure of control.

ALWAYS SOW CLEANSEED

For detailed control recommendations for specific crops, consult the appropriate Alberta Agriculture publication, available from your District Agriculturist or Municipal Fieldman.

ed spraying of the sod with a 2,4-D Ester will reduce a stand.

For control of small patches apply soil sterilant chemicals or picloram as directed.

ALWAYS SOW CLEANSEED

For detailed control recommendations for specific crops, consult the appropriate Alberta Agriculture publication, available from your District Agriculturist or Municipal Fieldman.

PICK UP A GAZETTE !!!

TOADFLAX

Also known as butter and eggs.

An extremely persistent perennial weed which spreads by creeping roots and seeds. The flowers are pale yellow with orange centers and look similar to the garden snapdragon. This weed is extremely competitive, able to become established in native or tame sod and compete strongly with established forages. This weed should be eradicated

wherever and whenever it occurs, and control measures should include efforts to prevent reinfestation from seed already in the soil as well as that coming from nearby infestation.

On arable land intensive summer fallow cultivation alternated with years of cereal grain cropping will result in satisfactory control of toadflax. Seeding down to grass, following a season of intensive fallow and repeat-

CARPENTERS

Carpenters needed by Centurion Construction Ltd., for St. Albert community core school project. Apply at site: Sir Winston Churchill Avenue and Fairview Boulevard or phone R. STEINKE, 468-1793 (days) or 459-4838 (evenings).

from Gibbons

By Shirley Steinwand

The Gibbons Local Association will hold a paper drive on Saturday, Sept. 28, starting at 10 a.m. Please bundle and tie your papers. Bundles may be left on your front step. Money realized from the paper drive is used to help send Brownies and Guides to camp, and Guldners to training.

The Local Association will hold a Harvest Tea on Oct. 26 at the Legion Hut from 2 to 5 p.m. Included will be a bake sale, door prizes, raffle, white elephant and handicraft table. Raffle tickets will soon be available; items to be raffled are a crocheted bathroom set, Artex runner and two dolls, and an Artex picture.

The Gibbons Parents Committee for Cubs and Scouts will hold a meeting on Monday, Sept. 30, 7:30 p.m. at the Community Hall. Parents, please attend this meeting. BOTH mothers and fathers. No children please. This concerns YOU.

Cubs and Scouts will get underway on Wednesday, October 2 at the Community Hall, 6:30 to 8 p.m. Please note times.

First Wednesday of each month, Second Thursday, Third and Fourth Wednesday.

The Lions will hold a Thanksgiving Turkey Dinner on October 7, 8 p.m. at the community hall. There will be an extra turkey for the draw of advance ticket holders, and one for the door prize. A 50 cent game for the CNIB will also be played.

The Lions will also sponsor an Octoberfest on Saturday, October 26 in the Community Hall. Refreshments with a special treat - Bratwurst and Sauerkraut, and dancing to a good band.

Don't forget to get your tickets for the Beef Raffle, available from any Lions member. Draw to be made at the Octoberfest. Winners have the option of a side of beef or \$250 cash.

The Agricultural Society will sponsor a "September Soaker" on September 27 in the Arena. Admission \$8 per couple, with free beer mug and snacks. Tickets are limited to 500 on a first come, first serve basis. Time -- 9 to 1 a.m.

Friday, September 20 saw the opening of Suzanne's Flower Shop, next to the Post Office at Gibbons. Beautiful rose corsages were given to the first 25 ladies, and coffee and tarts were served.

Operated by Lou-Etta Colman, the flower shop is named after her daughter. Her husband, Bill, was born and raised in the Gibbons district. Lou-Etta has been here 13 years.

Lou-Etta spent 31 1/2 years as a designer in Missouri. The flower shop will be open 9 to 6, Monday thru Saturday. There will be house plants, dried flowers and artificial arrangements at all times. Fresh flowers will be on order only. Lou-Etta would appreciate your ordering fresh flowers at least two days in advance. There will be no charge for arranging altar flowers.

Anyone interested in design classes, contact Lou-Etta. A minimum of six clients are needed. The only cost will be for the materials used.

Candidates for the October election for the Village of Gibbons are: Donald Brown, Ernest Crockett, J. Spencer Holmes, Dermont Loblick, Wilfred Oliver, Charles Slater, Ronald Smith and Hannelore Van Noord. Holmes, Loblick, Oliver and Smith are seeking a second term of office.

October 6 to 12 is Fire Prevention Week in Alberta and the volunteer firemen of the Village of Gibbons will be calling on all homes in the village to check for fire hazards and answer any questions that you may have about fire prevention. All firemen in the village fire department are volunteer and are donating their time for your protection, so please assist them when they visit your home.

Fires make no appointments or privileges. Please be fire conscious.

Fire Chief.

Congratulations to Mr. and Mrs. Graham Morin on the arrival of their daughter.

Construction of a new school has started in Gibbons. The contract was awarded to Papernik Construction of Edmonton. The addition will have full educational features, classrooms, library and 4,800 square feet of gymnasium. The kitchen facilities which will be in conjunction with the gym, will be provided with financing from the Agricultural Society.

Construction should be completed about 10 months from now.

Gibbons will host the football league tournament on Saturday, October 5.

THE LAST ROUND-UP

The "Last Round-up," Gibbons Senior Citizens held a regular meeting on Sept. 12 in the Legion Hut. Linda Abram, from Deluxe Tours showed a film of California, which was enjoyed very much. The built in sound effects and voice commentators really added to the pleasure of "Seeing and Hearing." The scenery was beautiful. Afterwards, Linda handed out brochures, giving information about dates of the tours and the cost of each one. She also answered questions from the audience. While no one signed up for any of the tours, several showed interest. Linda requested anyone interested or wishing more information, please contact Mrs. Sheila Crosbie 799-9446. Linda is leaving on a conducted tour as hostess, and will return Oct. 1. She will then contact Sheila for any enquiries. Sheila asked for a vote of thanks to Linda for a very pleasant afternoon. She stayed to have lunch and visit with us.

Roll call was answered by 26 members. Counting Linda there were five visitors, Edna Lavery of Vancouver, Anna Briggs of Coronado, Stella Fraser of San Francisco and Mrs. Roy Smith of Edmonton. The latter two ladies are daughters of Lindsay Fraser. Most of our members, who are oldtimers had a good visit with these former residents.

There was a lovely birthday cake for the July, August and September birthdays. Members sang "happy birthday." After a little discussion, George Knight had the honor of cutting the cake - and he did a good job!

Members were sorry to learn that Eula Mabbitt is laid up, and could not be present. Hope to see you at the next meeting, Eula.

Members were reminded to get their history written up and turned in AT ONCE to Katie Mabbitt.

Members were also reminded that we meet the second and fourth Thursday of each month. If you have problems remembering, mark your calendars each month. I find it works!

Next meeting is Sept. 26, same time and same place.
